*A Former Back Pain Sufferer Speaks Out...*

## "I Got Rid Of My Back Pain Forever!"

My back pain was horrible! I tried everything imaginable to get rid of it but nothing worked. I tried Aspirin at first. But it didn't work. It hurt so bad I couldn't even pick up my children without wincing from the pain. I went to my doctor but he told me I would just have to live with the pain and take muscle relaxers and painkillers whenever my pain got bad. But it only got worse! I was about to talk about surgery until I attended a free workshop which revealed to me the truth about my back pain and the best proven way to get rid of it forever. I haven't had one attack of pain in 6 months! If you're even remotely curious about how to end your suffering, call 905-640-4440 to book a seat at the next workshop Thursday, February 27, 2003 at 7:30 pm.
