## Everyone is Celebrating AUNT ALICE'S 100th BIRTHDAY

She's a healthy 100 years young and heading to 200. Alice came to Canada at age 8 and when old enough started working at Brice's Meats and Brice's IGA in Newmarket, which was the first in this area. Alice walked to work everyday and never drove. Joe and Eleanor Peat have worked for Budd's mother and father (Sally and Howard) their complete lives and have been the best of friends. Eleanor who is 89 herself still picks up Alice and drives her around Newmarket for her errands. Joe played Hockey and Lacrosse with Budd's dad and it was a well known fact that no one could get by Joe in Hockey. Budd and sister Sally (Leck) along with brother Barry worked with Alice while growing up and want to wish her a very happy 100th Birthday which was celebrated on March 17th. Budd, Barry and Sally are very proud of her and love her dearly. Brice's has been in business in this region for over 100 years. Bud Brice along with son's Howard and Dean have carried on the family tradition and kept the Brice family business going.
