## Fieldstone Windows Ltd.

Have you ever dreamed of enlarging your kitchen window to give a better view of the children playing outside ... or installing a set of French doors that would make dinner parties much more enjoyable? Or perhaps your dream is to replace a flat window with a new bay window that could be the finishing touch to the front of your home.

These dreams are not only possible but are practical renovations that are surprisingly affordable. Fieldstone Windows Ltd. has a team of qualified professionals that can make your dream come true this spring.

Fieldstone Windows Ltd. specializes in professional window and door installations, taking enormous pride in making your dream become a reality while staying on budget and delivering it on time. Their expertise can ensure that these design elements will fit in with your architectural style, adding to your home's appearance and value.

It is important to choose the right product for your home. Since Fieldstone Windows Ltd. is not a manufacturer, it has the flexibility to offer a far greater range of products to suit your style and budget. Dave and Ken can help you choose between wood and vinyl windows, giving you the facts to make an informed decision. You can also choose to simply insert the new windows into your existing frames. Alternatively you can go with a brick to brick installation which allows Fieldstone's craftsmen to install new windowsills and casing.

In either case, you can be confident that

Fieldstone's craftsmen will take pride in their work and provide a quality installation. An excellent product installed poorly will not perform up to standards and may fail prematurely and even may void a manufacturer's warranty. Fieldstone's experts know that the installation is just as important as the product. You can have confidence that Fieldstone has earned its reputation as a company that provides exceptional windows and only does quality installations.

So whether making a new opening or replacing an existing window you can be sure that you are getting top-notch products and installation.

Call Ken or Dave at Fieldstone Windows Ltd. today for help in making your dream a reality. You can reach them at 905-640-9287.

Sandy's Auto Service realizes that your automobile expense is most often the second largest yearly outlay of capital other than your home. That's why it is committed to providing the highest level of automotive service in a relaxed, trusting atmosphere. "We are not your average garage or mechanic," says Sandy, an ASE (Automotive Service Excellence) Certified Technician who is affectionately known as The Doctor.

"At Sandy's Auto Service, the man you speak to about repairs is the man who performs the repairs. I'll tell you whether your vehicle does or doesn't need fixing, or if you need to take it to a dealership for warranty work," says Sandy, a 39-year veteran in the automotive business. Sandy always takes the time to explain any repairs or maintenance work that is being performed and is happy to answer any

questions. Sandy also shows customers any defective parts and explains why they need to be replaced. Customers appreciate this personalized service and attention to detail which has earned the company a loyal clientele over the years.

"I'll ask you before I go ahead with any work," he says. "Honesty, fairness and respect for the customer is the foundation of our business."

Sandy's Auto Service also offers a free service car for major repairs. (Service vehicle by appointment) Most estimates for mechanical repairs are "no charge."
