DANMAR Lawn Care Ltd.
 Quality Lawn Care
 Locally Owned and Operated
 Affordable Excellence
 905-642-1211

Celebrating 20 years!

Danmar Lawn Care Ltd. is proud to be celebrating 20 years of providing professional, responsible and an environmental approach to lawn maintenance.

Colin Marr, a long-time Stouffville resident, has owned and operated the family-run business since 1983. Colin is fully licensed and a certified technician-examiner. This allows him to train his staff and other company's staff to the Ministry of the Environment's regulatory standards.

Colin is also trained in I.P.M. (Integrated Pest Management), which is a monitoring process to determine when or if treatment is required for your lawn. Danmar Lawn Care has and always will support the environmentally responsible I.P.M. approach.

Danmar Lawn Care is pleased to offer transition, pesticide free, organic or custom program for your lawn. "Each lawn has specific requirements and needs, we will customize your program with you," says Colin. They will offer three programs in Bronze, Silver and Gold grades.

If you are having trouble with grubs in your lawn, then give Danmar a call. They are up to date on the latest insect control techniques. The team also specializes in aeration, which allows water and oxygen to access the root

system, thereby improving the look of your lawn and its ability to resist drought conditions. "It is not just what we deliver, but how we deliver it. We are locally owned and operated and are committed to bringing you affordable excellence for your lawn," says Colin.

Danmar Lawn Care Ltd. is happy to announce a new comprehensive horticulture and landscape design wing that will be overseen by Caleb Riches. New services include professional design and construction, as well as complete pruning and planting packages, which will further beautify your property.

From minor landscape changes to a complete re-design of your property, Danmar Lawn Care Ltd. has all of your horticultural needs covered.

Call Danmar Lawn Care Ltd. at 905-642-1211 to secure the future of your lawn and gardens.
