Markham Stouffville Hospital Re-opens Services to the Community

We have re-opened for business!

On April 30th, Markham Stouffville Hospital re-opened many of its outpatient services. Other activities, including elective surgery, will be phased-in over the next few weeks.

Infection Control Measures

Over the past weeks, our infection control measures allowed us to contain and control SARS in our Hospital environment. Our patients and their families can now feel safe to return to Markham Stouffville Hospital. In order to continue to provide a safe environment for our staff, volunteers, patients and visitors, Markham Stouffville Hospital will continue to screen all persons entering the Hospital. Anyone who does not pass the screening process will **not** be allowed access to the Hospital. Your cooperation and patience are appreciated.

Interim SARS Visitation Policy

Current visitor restrictions will remain in place until Sunday, May 4th. Effective Monday May 5th, patients will be allowed 2 visitors per day between the hours of 11:00 a.m. and 8:00 p.m. This policy will be in place until further notice.

Patients coming to the Hospital for service may bring **only one person** with them.

Thank You for your Continued Patience and Support

We understand the past month has been a challenging time for our patients, their families and our community, and we would like to thank you for your understanding, your patience and your ongoing support.
