Get Educated on Laser Hair Removal at Sherlase

"Not all laser hair removal systems and clinics are created equal," says Sheri Kurtz, owner of the Sherlase Clinic, Markham.

"The consumer needs a great deal of information before selecting a laser hair removal program and clinic. Unwanted hair is a big problem for men, women and teens. The correct laser and the expertise of the technician ensure the success of each treatment."

Sheri has over eight years experience removing unwanted hair and takes pride in educating her clientele. "Consultation is a must. People just don't know all there is to know about laser hair removal and there is a lot of misinformation out there. I feel it is my responsibility to offer clients a free consultation to inform them about the procedure for their individual needs," says Sheri.

"Skin types, amount and location of hair, partially determine the treatment plan. Many Middle Eastern, Asian and dark skinned people have attained excellent results. Tanned people can also consider these laser treatments because the laser bypasses the epidermis and directly affects the hair follicles."

The Coolglide is a FDA approved laser with enough power to eradicate hundreds of hair follicles at once making this a fast, efficient laser.

At Sherlase Clinic the professionals provide the most current technology available. Consultations are always confidential and free of charge.

As well as laser hair removal, the clinic offers an extensive range of advanced medical esthetics.

The Sherlase Clinic is located on the southeast corner of Markham Rd. and Sixteenth Ave.

Think high quality windows with summer approaching

With the hot weather approaching, consider the many benefits of installing new, energy-efficient doors and windows!

"Inefficient windows and doors lead to wasted energy all year long," says Mike Montecalvo, co-owner of Encore Home Improvements. "Energy-efficient windows and doors, during a heat wave, would have saved a lot on your air conditioner and made the house a lot cooler and more comfortable," he noted.

Whatever type of window you prefer - double or triple-glazed, casement, double slider, tilt, single hung, tilt - Encore Home Improvements offers retrofit window installations as well as complete tear-outs with or without brickmould, whatever is best suited for your home. Encore's fully certified and trained installers offer the personal touch. They look at each job individually and recommend the best alternatives for you. You make the final decision.

Founded in 1987, Encore Home Improvements is a full-service door and window company specializing in residential homes and businesses, located right here in Markham. "And our door is always open," says Mike. "We have been here for quite a while, offering a lot of personal attention to help our customers make the right decision. There are no pressure sales tactics used."

Mike adds, "We give our customers Peace of Mind - it's better to deal with a local company for service. We deal with service calls right away."

Summer is almost here, so now is a great time to order new windows or a porch enclosure. Interest rates are low and Encore offers NO PAYMENT AND NO INTEREST FOR SIX MONTHS. By ordering now, customers can

enjoy the benefits of their home improvements immediately, without having to pay for six months.

If you'd like to add some living space to your home without breaking the bank, consider the many advantages in converting your existing patio, porch or deck into a custom-built porch enclosure and keeps those nasty bugs on the outside!

Encore specializes in designing and installing custom porch enclosures for all types of homes. "A small investment can make a big difference in the front of your home," says Mike. "There are many different styles and colours to choose from. In addition to providing extra, year-round living space, a porch enclosure adds resale value to your home."

Encore Home Improvements also provides a full line of custom-made sunrooms, interior shutters and exterior shutters for all types of homes. The company is certified by Window Wise, which is a national certification program that audits and certifies window manufacturers and installers.

Encore Home Improvements is located at 450 Alden Rd. For details call
