

WHAT'S FOR DINNER!

We've got something new this week from the frozen entree kitchen: Chicken Casserole. It's made with pieces of bone-in chicken with mushrooms, peppers, tomatoes, it's spiced just right (we think) and it's in a great sauce!

OUR ITALIAN SAUSAGES

I was about to promote our Oktoberfest Sausages this week because the weather felt more like Fall than Spring - but I have been assured that more suitable weather is in the offing. These are our best-selling sausages.

SMOKED CHICKENS!

We've made a very large quantity of our Smoked Chickens this week. I find that I enjoy them just slightly warmed and served with a mild red pepper jelly - but we have a twist! Lately, we've been stocking a whole new range of pepper jellies and I encourage you to try them. They're from Perth County, they're in many flavours, and you'll save a buck on them this week too! So grab a chicken - and what I think is the perfect condiment, and enjoy. Don't forget the Chardonnay!

WHAT'S HAPPENIN' OUTSIDE?

While the supply of some of the early product is winding down (or finished), the new is arriving, notably:

- **TUBEROUS BEGONIAS** in baskets. These can be left as they are or split and used to good effect in shade window boxes or planters - or even patio pots and urns. They grow fairly large throughout the season and look spectacular when they're in their prime.
- **HIBISCUS** These are in standards, bushes or plants in various colours. They love the full all-day sun and while the life of the individual flowers is short, they're spectacular. There are usually one or two to greet you every day.
- **KALANCHOES** We'll have a few of our Kalanchoe planters back this weekend. The bad news is that the price has risen a bit to \$25.00. These have received great reviews for the last couple of years.
- **ANOTHER SHIPMENT OF COCONUT HANGING BASKETS** - some fibre pots too, this Friday.
- **MORE MANDEVILLAS** have arrived. These are a great sun-loving climber with the prettiest - and happy-looking pink flowers - all summer long!
- **FLOWERING MAPLES** - These are a striking plant which can be indoor or outdoor - in either red or yellow. These are staked or on a mini trellis and really look sweet!

• **AND AS ALWAYS, VARIOUS CUSTOM PLANTINGS** are available in our urns or baskets - or it can be done in yours. If you need a delivery, no problem! The cost is a \$10.00 donation to Markham Stouffville Hospital.

FRESH BLUEBERRIES

We'll have fresh Blueberries in FULL PINTS this week instead of the smaller containers which are our wintertime format.

They've been nice lately, especially these! They come from Florida.

SOUR CHERRY WEEK IN THE BAKERY!

Our bakery flavour of the week is Sour Cherry and our special repertoire will be:

- **SOUR CHERRY CUSTARD CAKES** - These are our divine cakes with the baked-in custard - more of a coffee cake than a dessert cake - and like a lot of things in life, they improve with age if you don't happen to eat the whole thing at first opportunity! **\$13⁹⁵ & \$18⁹⁵**
 - **SOUR CHERRY CHEESE CAKES** - These are dotted with cherries inside and topped with cooked cherry topping. **\$12⁹⁵ & \$20⁹⁵**
- Incidentally, the topping will be available in tubs separately so that you can make your own sour-cherry ice cream sundae. You'll find that it's best warmed! (I've made a study.)
- **JELLY ROLLS** - These are the usual but made with our sour cherries! **\$10⁹⁵**
 - **SOUR CHERRY TARTS** **\$1⁹⁵ each**
 - **CHERRY-CHEESECAKE BROWNIES** - Eat these at room temperature, close your eyes and savour that sublime deliciousness! **\$1⁹⁵ each**

- and as I almost always write right after I list all the desserts, these will be
