

Squirts take Napanee tournament title

The Stouffville Storm squirts captured their second fastball tournament title of the season last weekend in Napanee with a 6-4 win over the host club in the final.

In reaching the final, the Storm routed Belleville 19-6 and Kingston 19-5.

Anchoring the Storm's success was pitcher Erick Espiritu-Santo, who picked up the win in the final game. Bruce Cringan and Derek Eickmeier handled pitching duties in the other two outings.

Offensively, the Storm was led by the strong bats of Robert Kay, who collected five hits, and Tyler Heffernan and Travis Connor with four apiece.

Infielders Nolan Benoit and Kohl McVicar put fourth strong efforts defensively as did outfielder David Wiseman, who also contributed at the plate with two triples and five RBIs. Brian Hector and Philip Wood handled catching duties.

Mennos win third straight

The Stouffville Mennos racked up their third straight Oshawa City and District Fastball League win Wednesday with an 11-0 rout of the Lake Simcoe Lightning at Memorial Park.

Nursing a 1-0 lead entering the fourth inning, the Mennos erupted for nine runs to put the game away.

Steve Sayers, Danny Deeks and Scott Eyre each drove in two runs in the fourth inning.

Paul Boynton worked the first four innings and gave up just two hits to earn

the win.

The victory for the Mennos came on the heels of a 3-2 road win over the Oshawa Heat Tuesday.

Ed Kamarman belted a first-inning leadoff homer while Byron Baranieski fanned 10 batters and surrendered just one earned run to pick up the win.

Now 11-5 on the season, the Mennos will play at Scarborough Tuesday and host Bradford Wednesday at 8:30 p.m. in Memorial Park.

For the first time in his auto racing career, Dan McMullen will get a chance to perform on home turf when he takes to the 1.75-mile Toronto Exhibition Place street course in the Fran Am 2000 North American Pro Championship this weekend.

ing team from Sugar Land, Texas. Today's race, part of the Molson Indy weekend starts at 12:15 p.m.

Entering this weekend, which is the halfway point of the 2003 season, McMullen's previous street racing experience on the even tougher street circuit at Pau, France may pay dividends.

"You have to have a lot of respect for a track like this as there is no room for error and one very slight mistake can mean the end of your race," he said.

The Fran-Am Sport Pro North American Championship is a professional formula car developmental racing series designed to hone the driving skills of young racers.

Each race features a \$28,500 U.S. Michelin International supported cash prize fund, with the overall series champion winning a fully paid ride in the Euro Cup Formula Renault V6 series in Europe next year.
