Fieldstone Windows Ltd.

With summer just around the corner, now is the time to start thinking about installing new windows and doors. If you happen to be in the market for either, consider the expertise offered by Fieldstone Windows Ltd., which specializes in custom work finished to perfection!

Fieldstone Windows Ltd. is owned and operated by Ken Simpson, a trim carpenter by trade who has more than 15 years' experience in the construction business. Unlike many door and window companies, Fieldstone hires only those carpenters who show his commitment to detail. Each installation is supervised in order to maintain consistent quality.

"It is possible to insert new door and windows into existing window frames, leaving interior mouldings intact," says Dave. "An alternative method is to remove the entire window back to the rough opening. This also gives a most impressive look."

By removing the entire window, customers are assured that the new window is sealed and insulated properly and that any old or rotting wood is removed. Larger glass area and upgraded mouldings are other added benefits.

Fieldstone Windows Ltd. specializes in professional residential window and door installations, and takes enormous pride in completing all work on time and on budget. "Whether it's a vinyl window or a solid wood door, there is a range of qualities from high-end to poor," says Ken. "We make quality a number one priority with all customers, which has resulted in many repeat and referral customers."

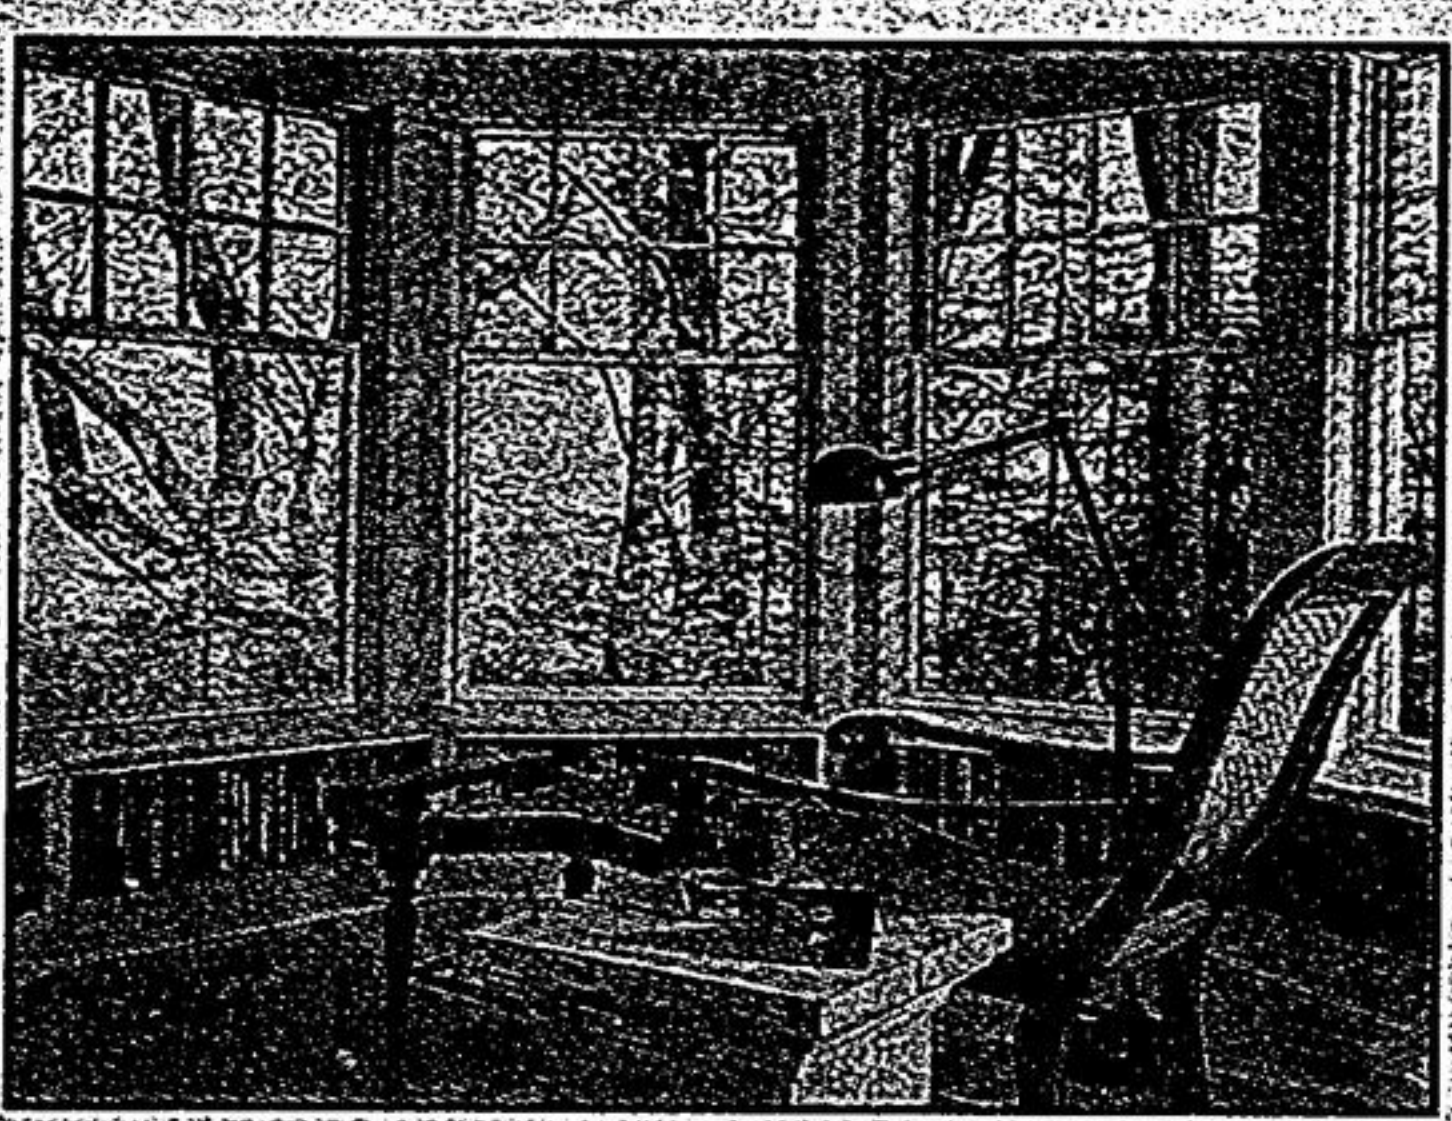

Some window dealers and manufacturers are limited to a single product line and may persuade homeowners to buy something they don't want or need. Since Fieldstone Windows is not a manufacturer, it has the flexibility to offer a far greater range of products to suit the customers' style and budget.

"Windows are highly practical aspects of a home, but they serve another purpose as well," says Dave. "They are also design elements that can make or detract from a home's appearance. When choosing a window, it's important to not only select an efficient window, but one that complements the architecture as well."

Installing windows requires a high degree of skill and patience, and Fieldstone Windows takes the time to do it right the first time. The correct shimming, fastening, insulating and finishing trim all contribute to an excellent window renovation.

With summer almost here, now it is the perfect time to start planning a door or window installation. Call Ken or Dave at Fieldstone Windows Ltd. today for a competitive quote on your next project.

Fieldstone Windows Ltd. can be reached at 905-640-9287.

Edmunds Home Improvements

A clear choice for window replacement

In Markham, Edmunds is a name that is synonymous with quality roofing. In fact, Edmunds has been reshingling homes in the Markham community for over a half century. Roofing will always remain an integral part of the company's business.

Established in 1947, Steve and Kathryn Gibson took over the business in 1989, during the past 14 years they have expanded Edmunds Home Improvements to include high quality vinyl windows, entrance and patio doors, siding, eavestrough and most recently, the "Phantom" retractable screen.

Steve has over 23 years of experience in the renovation business and handles much of the in-home estimates personally. Kathryn works in the office answering phones, scheduling appointments and dealing with the day-to-day administration of the company.

Steve recommends and installs Vinylbilt replacement windows. A large local manufacturer, Vinylbilt has a proven track record for quality and customer service and offers a no nonsense lifetime warranty on their window units and hardware. They also provide a wide variety of colour, grid and glass options, such as the heavier 4mm glass for added security and sound proofing, or 'Simply Clean' glass which dramatically minimizes the need to clean your windows.

Steve points out, that choosing the right windows is only half the battle. A poorly installed window will often bind, function poorly or fail prematurely.

He give credit to his experienced installers who take pride in their work. The quality workmanship is the key to the successful completion of any Edmunds project, and the consistently high degree of customer satisfaction.

Book your order now, and take advantage of Edmunds' summer special.

DO NOT PAY FOR 6 MONTHS (O.A.C.)
