**Total Manufacturing Solutions**

**SANMINA-SCI**

Sanmina Enclosure Systems, a market leader in the supply of electronic and environmentally controlled enclosures, requires individuals with hands-on experience and good working knowledge of all metal fabrication processes and techniques, coupled with strong communication skills and a desire to become a "team player".

**Brake Press Operators** - Must be capable of performing own set-up, first off approval and prefer experience running parts on Amada, Wysong and/or LVD 3, 4, 6 or 8 axis machines.

**NC Punch Operators** - Previous experience with NC Punch, preferably Finn Power. Knowledge of computer programming with NC equipment is an asset. Ability to read blueprints and use of precision measuring equipment is a must.

**Welders** - Should be qualified to weld aluminum, stainless and steel all positions. You must be able to read blueprints and weld in both Mig and Tig applications.

**Grind/Cleanup** - Able to handle power grinding tools, remove weld excess and finish grind component parts.

**Hardware** - Must be capable of performing own set-up, first off approval, prefer experience on Heager and Pem Equipment.

Day shift, Afternoon shift and Weekend Day and Night shifts are available. If you have the above qualifications please apply in person, by fax or email resume to the address below, stating which position you are applying for.

Sanmina-SCI offers an attractive and complete compensation and benefits package, including a Deferred Profit Sharing Program, an Employee Stock Purchase Plan and ample opportunity for professional growth both within Canada and other international Sanmina-SCI Divisions.

When you join Sanmina-SCI, you'll find a workplace where people are empowered to perform. Explore the challenge — and experience the rewards.

Send your resume in confidence, or apply in person to:
