

I WOULD LIKE TO SERVE YOU

Dear Friends:

My name is Owen Craig. I've been a resident of Stouffville for the past twelve years. I have a sixteen-year-old daughter named Hayley. We care about our community.

First and foremost, I would like to serve you on Council for Ward Six.

I Believe:

- Our Ward should play a leadership role in how current development issues are resolved.
- We need to work together in partnership with our community interests and developers to ensure smart growth patterns are enhanced and adhered to as well.
- Change should be change with the view of improving the services provided to you by the town.
- We must preserve the financial integrity of our communities.
- We should have a healthy and safe environment that envisages "A Country Close to the City".
- Our community should be the best place to live, work and raise a family.

Community Involvement:

- Past Chair Whitchurch-Stouffville Library Board
- Founding Member and Past President of Road Watch
- Strawberry Festival Committee Member (Six Years)
- Member Stouffville Secondary Planning Advisory Committee
- Member Vandorf-Preston Lake Secondary Planning Advisory Committee
- Fundraiser for numerous charitable causes

I retired from the Province of Ontario after twenty-seven years of service.

I look forward to meeting you and hearing about community issues you may have.

Please telephone me at 905-642-6958.

PLAYDAY Free Family Fun!

PLAYDAY

Sunlight Markham PlayDay
Saturday, September 6, 2003
9:30am - 5:00pm
Milliken Mills Community Centre

Want to play? Grab your kids and head to the Sunlight PlayDay. It's a free family event celebrating play, and the fun, freedom and learning that naturally comes with it.

There's something for everyone. Parents too. You'll spend the day, moving from one zone to the next, introducing your kids to new sights, sounds, smells and tastes. The hard part is deciding where to start.

If you're feeling creative, start in the Art Zone. Local artists work with families on creative, interactive art projects. These might be clay sculptures, a working sundial, a wooden contraption used to illustrate gravity.

When your masterpiece is done, head for the Sand Zone. Together, kids and parents will build sand castles, dig for buried treasure, or re-create Atlantis.

Another PlayDay favourite is the Building Zone, where you can get lessons in engineering. You'll make structures like ships and castles or chairs and teepees.

And you don't need blueprints. Just imagination.

The Sunlight National Playday program brings children, families, organizations and businesses together to appreciate and celebrate the benefits of play. To learn more, visit www.sunlightplayday.com

Here are some special activities we have planned for PlayDay.

- A free Pancake Breakfast will kick off the day. Join us at 9:30am for a delicious start to the fun.
- Get on board with the Home Depot crew at the Building Zone to build and paint a 40' wooden pirate ship and then make a miniature sailing ship to take home.
- Young Einsteins will love the Science Zone where they can experiment while making UVB Magic Bracelets with Mad Science.
- Cookies and kids are a recipe for fun at the Cooking Zone where tasteful art has never been so wild.
- Our youngest guests at PlayDay will enjoy bubble activities, finger painting, and lots of Little Tikes fun at the Get Set For Life Zone.

There will be lots to do at Sunlight Markham PlayDay. To find out more, visit www.millikenchildrensfestival.ca

DIRECTIONS TO PLAYDAY
Come by foot, bus or car to:

Milliken Mills Community Centre
7600 Kennedy Road
Just north of Steeles Avenue in Markham

Thanks to our national and local sponsors for their generous contributions to PlayDay.
