**People have been affected by West Nile virus.
Protect yourself.**

The threat of West Nile virus is real. You should take steps to protect yourself and your children from mosquito bites. The safest thing is to avoid where the mosquitoes are. But if you are outdoors, use bug repellent containing DEET. Wear light-coloured clothing and avoid being outdoors between dusk and dawn when mosquitoes are most active. For more information, call 1-877-234-4343 (TTY 1-800-387-5559) or visit HealthyOntario.com.

Fight the Bite!
