Why Elect A Novice Mayor?

If ever we needed a leader with business know-how, it's now. As a candidate for mayor of Whitchurch-Stouffville, I come to this campaign with the ability to manage a corporation that collects, on average, \$34 million a year from the tax payers. I have business experience. I own and lease industrial properties and have done so for the past 20 years. As well, because of retail business experience, I know who's minding the store. When I offer myself as a mayor, I offer more than 30 years of business know-how. Either one of my competitors would be forced to learn as he or she goes. How can you collect and manage \$7 million for the municipality, collect and manage \$14 million for York region and collect \$13 million for the province for education and be from a business perspective, a mayor-in-training?

Steve Pliakes
Candidate for Mayor

If you've never met payroll, balanced the books and dealt with the daily challenges of business, how can you possibly lead a municipality? With a mayor with little or no business experience, this town will be run by bureaucrats? Why elect a powerless mayor?

Remember: Experience is the engine that drives business. Government is the same. We can't afford to risk our future by handing over the job of leader to a person with little or no business dealings. We are living in very competitive times. Now is not the time to put a novice in the mayor's chair.

Remember: Whitchurch-Stouffville is within a stone's throw of one of the world's most cosmopolitan cities. A prosperous and dynamic future is within our reach, providing we have decisive leadership. We have to put a goal orientated business development plan in place and do it with professionalism. We have to do it right.

Remember: Whitchurch-Stouffville needs a mayor who understands that this municipality has the time, the people, the technology and the transportation services to put us in the race. Don't discount it. The clock is ticking. The race is ready to start. Whitchurch-Stouffville has arrived.

Remember: We need a stronger industrial base to help ease the tax burden on the residential taxpayer. Let's put out the welcome mat to encourage light and clean industry to come to Whitchurch-Stouffville.

Remember: We have 500 acres of vacant employment lands available for development. In keeping with smart business development, let's diversify, diversify, diversify. We don't want Whitchurch-Stouffville to become a one-horse town. I'll take an "Open for Business" approach to leading this town.

Remember: Whitchurch-Stouffville needs a mayor who knows how to manage your money, including the town's \$13 million that's being held in reserve. It's money in the bank. We need a mayor who knows how to protect it and how to invest it. On Nov. 10th, elect Steve Pliakes as Mayor of Whitchurch-Stouffville. To reach Steve, call 905-930-1292 or 416-574-3903.

REQUEST FOR APPLICATIONS
