

# On October 2nd, vote **TONY WONG**

**As Liberal MPP for Markham**

**As your choice to represent our community at Queen's Park**

Tony attended the University of Toronto where he obtained his law degree. He also holds a postgraduate degree from the University of Missouri. For many years Tony was active in his local law practice during which time he was elected a Markham Ward Councillor. Later he was elected Regional Councillor for Markham and York Region. In serving our community, Tony has been active on numerous boards and committees, earning respect throughout our diverse community.

## CHOOSE CHANGE

Provincial decisions have a significant impact on fast growing communities such as ours. Many of the issues facing Markham are a direct result of Provincial action, or lack of it. We must ensure that we will have a representative in Queen's Park who understands this and will act upon it. Year after year the same problems are still with us. Markham needs change. Markham needs Tony.

- Development must be slowed to a manageable level. Our streets, schools and very social fabric are affected. Adequate schools, roads and transit must be in place before developers are permitted to build new subdivisions. Yet the Province and OMB seem committed to Developers' rights at almost any cost to the community. At every turn municipalities are hamstrung by Provincial policy. Enough is enough, what about us, the residents of Markham and other growing Ontario communities?
- Why should costs of providing infrastructure for new development be borne by existing residents? This is the case with existing Provincial legislation. This is wrong, and it is long past the time when it should have been changed.
- The Rouge Plan is still weak. When will the Provincial Government ensure our heritage by passing the necessary strengthening legislation? It has the power under the Provincial Planning Act.
- Our health and education systems are in disarray. They must be fixed. The old policy of confrontation must be changed to one of co-operation. Our health. Our children. They are just too precious for more of the same.

### Markham needs a new deal

We need an M.P.P. who will address our concerns at the Provincial level. Tony is committed to doing the job. Tony has the background and experience.
