Making it Great

Co-ordinator, Sterile Processing and Distribution - Full-time

A self-directed RPN and certified Operating Room Technician, you will co-ordinate the daily activities of decontamination, sterilization and preparation of medical-surgical instruments and supplies. You will also be the key contact for day-to-day medical-surgical supply and prosthetic equipment availability, and the functionality of instrumentation. Your comprehensive knowledge of OR instrumentation, equipment, medical-surgical supplies and SPD procedures, including the ability to troubleshoot and effect repairs, is backed by at least 5 years of recent, relevant OR and/or SPD experience. A current Certificate of Registration with the College of Nurses of Ontario is essential, as is evidence of ongoing commitment to education and professional development. Proficiency with various computer software applications, specifically inventory control, is required.

Orthopaedic Technologist - Full-time

In this role, you will use your strong clinical skills to apply and remove casting materials, conduct cast checks, monitor limbs and maintain and apply traction equipment. You have completed an Orthopaedic Technician Program, and hold certification with the Canadian Society of Orthopaedic Technologists. Completion of an Aseptic Procedures course is preferred. Experience dressing applications would be ideal.

To find out how we're making it great for patients and staff alike, please send your resume, indicating position of interest, by October 8, 2003, to: Human Resources, Markham Stouffville Hospital, 381 Church Street, Markham, Ontario, L3P 7P3. Fax: 905-472-7055. Job Line: 905-472-7575 or 1-866-243-JOBS. E-mail: humanres@msh.on.ca

Infection Control/Occupational Health Practitioner - Full-time

A proactive, analytical thinker with strong communication and facilitation skills, you will join our dynamic Infection Control/Occupational Health team to conduct and further develop infection surveillance, consultation, prevention and education. The key mandate will be to administer a system for recording, identifying, analysing and reporting incidences of specific infections to management, physicians and public health agencies. You will collaborate with staff, management and the Professional Practice team to determine educational needs and provide appropriate learning opportunities and materials to staff, patients and visitors. Your contributions to Occupational Health will include health assessments, immunizations, first aid, and disability management. To meet these challenges, you must have a current Certificate of Registration with the College of Nurses of Ontario, 5+ years of recent relevant clinical experience, and current knowledge of infection control guidelines, the Occupational Health and Safety Act and other relevant standards. Certification in Infection Control, or postgraduate course work in infection control with CHICA membership would be highly desirable. Well-developed health assessment, counselling and consultation skills are essential. You bring expertise in the delivery of formal and informal education and coaching. Proficiency in MS Office, including Excel and PowerPoint/Publisher, is preferred. A baccalaureate degree in Nursing, and a certificate in Occupational Health Nursing are assets.

Our community hospital team shares knowledge, ideas and decision-making to provide excellence in patient care. The Hospital that takes pride in 'Making it Great' - for all who enter our doors - we foster one of the most energized, team-driven environments in health care. Join our team and experience our innovative, rewarding workplace where ongoing professional and personal development is actively supported through such progressive initiatives as a generous education assistance program and computerized documentation.
