JUPITER

Are you still at risk for a Heart Attack or Stroke?

Recent research suggests that a simple blood test may show inflammation of the arteries, which may be an early indicator of cardiovascular disease - even in people with normal or low cholesterol. A local doctor is conducting a research trial to evaluate if a drug, currently available in Canada, will lower the risk of heart attack or stroke.

Qualifications for the study include:

- Men must be at least 55 years of age
- Women must be at least 65 years of age
- No previous history of heart attack or stroke
- Qualified participants will receive study related medical evaluations and may receive study medicine

Call today for details

Introducing York Region's Private Education Fair

Showcasing PRIVATE SCHOOL opportunities for York Region students

Sunday, January 25, 2004 10am - 4pm

Explore options for your child's future. Meet representatives from exhibiting schools to discuss:

- The admission process
- Financing options
- How to make the right choice
- What each school has to offer your child

IS YOUR INDEPENDENT SCHOOL INTERESTED IN PARTICIPATING?
 To register, please call Denise Exler at 1-800-743-3353 or 905-853-8888 x264. • Email: dexler@yrng.com
