A Time For Change

Help Carolina Protect Markham

It's time for every resident in Markham to stand up and be counted. If we don't, there will be no green space left. Traffic gridlock, crowded schools and still Markham Council approves more new developments. It's time for a change!

For the last six years I have worked at The Town of Markham. I have watched first hand the decisions made by Council. And as a long-time resident of Ward 4, I have felt the negative effects of such decisions. Council needs to reflect the wishes of existing Town residents, not work against them! Too often voters have to choose between those seeking just a job or individuals who are confused whom they represent. For my part, I am neither. I am prepared to stand up and fight and I will never forget who I represent. ...

Carolina intends to...

Slow Down New Development
I recognize that growth is inevitable but we need the roads and schools! 1st. Our current Councillor has been an advocate of rapid growth. I will not represent anyone but the residents of Ward 4.

Reduce Residential Taxes
Yes, we need great libraries, parks and arenas but existing residents should not have to pay for new infrastructure due to new development. I will work hard to convince the Province that a new deal for existing residents is only fair. New growth should not be put on the backs of Ward 4 homeowners!

Improve Communication to Residents
To keep residents aware of issues affecting them, regular community meetings and an annual report, will be part of Carolina's commitment to you.

Carolina is not a radical. In fact, anything but. The passions of her life are her family and this wonderful Town we live in. Please get involved. It is indeed a time for change. Together, we can accomplish so much.

A Time For Change In Ward Four

Carole Bell,
Former Mayor,
Town of Markham

"Over a period of 25 years, I served as a Councillor, Regional Councillor, Deputy Mayor and then Mayor. During that time, Council did it's best to cope with the stresses of rapid growth. Our Town was changing and not always for the best. On reflection, we needed then and we need now, men and women who are prepared to challenge the system. Recently, I was thrilled to learn that Carolina Moretti, a long-time volunteer for many worthy organizations is seeking election in Ward 4. If her track record is any indication of her future performance, Ward 4 residents and the Town will be well served. Support Carolina, it is a time for change."

Tom Newell,
Former Ward 4
Councillor

"Being a Councillor is demanding work and those who are elected must be energetic, well informed, resourceful and committed to existing residents. They must never forget whom they represent. I was pleased to hear that Carolina Moretti is running as my Ward 4 Councillor. Not only has she proved to be a community activist, she is dedicated to improving communications with residents. We now will have someone who will keep us informed. Let's make a change on November 10th and ELECT Carolina Moretti!"
Together we endorse Carolina for Ward 4
