# No injuries in Stouffville fires

**BY HANNELORE VOLPE**  
*Staff Writer*

A pair of Wednesday evening house fires, two hours apart in Stouffville, were quickly contained by firefighters.

Both blazes were both appliance-related, Whitchurch-Stouffville Deputy Fire Chief Paul Stover said. No injuries were reported.

Firefighters from the Stouffville and Ballantrae stations were called to a home on North Street about 4 p.m. They contained the blaze to the basement. Damage is estimated at about \$25,000.

Crews from both stations responded to the next call on Manitoba Street. Severe smoke caused an estimated \$150,000 damage.

Both homes had smoke detectors and residents of the Manitoba Street home were alerted by their detector.

Although neither fire was related to candles or Christmas lighting, Jeff Harman, Whitchurch-Stouffville's fire prevention officer, noted the fire marshal's office is emphasizing candle safety, especially at this time of year.

Candles are becoming the main source for house fires," Mr. Harman said. Candles were the cause of several blazes in Whitchurch-Stouffville last year, resulting in substantial damage. When the candles burned down, their containers burst and the fire spread to the wooden surfaces beneath.

Candles should never be left unattended and should have a secondary container underneath, Mr. Harman said. Also, make sure smoke alarms are in good working order, check batteries every spring and fall and have a fire escape plan.

If you or your children have trouble breathing, Zabet would like you to consult your doctor, or call the Asthma Society of Canada at 1-800-787-3880 to find out more about asthma and its treatments. **You'll breathe a little easier.**
