Making it Great

Professional Practice Leader, Emergency, Fast Track and Ambulatory Care Areas

An accomplished communicator and facilitator of collaborative decision-making will excel in this full-time opportunity to support excellence in clinical practice. Focusing on orientation, clinical education, professional development and practice leadership, you will support the education and clinical practice needs of these areas, while contributing to a strong hospital-wide professional practice environment. You are currently registered with the College of Nurses of Ontario, and have 3 to 5 years of recent clinical experience in emergency nursing with evidence of leadership in clinical practice. Expertise in the delivery of formal and informal education and coaching with diverse groups of adult learners, coupled with demonstrated knowledge of relevant legislation are essential. A baccalaureate degree in Nursing is required; a post-baccalaureate education in a relevant field of study would be an asset. Ideally, you bring program-development experience and computer proficiency in MS Office.

Our community hospital team shares knowledge, ideas and decision-making to provide excellence in patient care. The Hospital that takes pride in 'Making it Great' - for all who enter our doors - we foster one of the most energized, team-driven environments in health care. Join our team and experience our innovative, rewarding workplace where ongoing professional and personal development is actively supported through such progressive initiatives as a generous education assistance program and computerized documentation.

Registered Nurses

- Emergency Department - part-time
- Short Stay/Day Surgery Unit - one-year, part-time temp.

Medical Radiation Technologists

- Radiology - part-time (weekend evenings) and casual
