Prequalification Call of General Contractors Unionville Home Society Heritage Village Alterations

Heritage Village is an existing 93-unit single-story townhouse development in the Town of Markham. The Heritage Village Alterations project envisions phased renovations to 19 townhouse units. The renovation work shall be performed on a sequential basis, with two units at a time being renovated to completion prior to initiating work on the next pair of units, i.e. 10 individual phases. The estimated tender date is May 10, 2004 with the tender closing date on May 31, 2004. Construction start is anticipated in July 2004.

The scope of work generally includes the following:

- Limited demolition of existing interior fixtures and finishes
- new interior doors and millwork
- new plumbing and electrical fixtures
- new wall and floor finishes

Preliminary Tender Documents will be available for review, by appointment, at the Unionville Home Society on-site office at 4300 Highway #7 in Unionville on April 8, 2004. Interested parties should contact Wayne Middleton at Unionville Home Society for appointment times to review the documents. Please be advised that other times will not be set aside for review of documents.

Prequalification proposals shall be submitted in triplicate and delivered in a sealed envelope, identified as 'Pre-qualification Proposal for Heritage Village Restorations' attn: Wayne Middleton to Unionville Home Society 4300 Highway #7 in Unionville no later than 3 pm on April 21, 2004. Since references will be assessed as part of this pre-qualification, applicants are encouraged to include relevant reference letters

DOES YOUR BABY HAVE ECZEMA?
If your baby has been diagnosed with eczema, they may be eligible to participate in a clinical research study that is evaluating a new investigational drug. This drug is a topical non-steroidal cream that has been approved for children 3 years and older.
We are looking for babies that are:
Male and female
Between 3-12 months of age
Willing to participate in a long term clinical trial for 5 years
If you are interested in participating please contact:
The Lynde Centre for Dermatology
905-471-8011

Having shingles is bad... but what comes next can be even worse.
We are looking for men and women 18 to 90 years old who suffer chronic pain from Postherpetic Neuralgia (PHN) to participate in a clinical research study. PHN is a common nerve injury disease that can arise as a complication of herpes zoster (Shingles) infection. The study tests the effectiveness of an investigational compound on pain relief in patients with chronic pain from PHN. All office visits, medical evaluations, and study medications related to this study will be provided at no cost to patients.
For more information about this study, please contact:
The Lynde Centre for Dermatology
