York Regional Police captured three people after a six cruisers chased a stolen car in Stouffville Monday.

All three, including an 11-year-old, were apprehended after fleeing the vehicle on foot.

The 20-minute chase began at Musselman's Lake and ended in the Elm Road and the Ninth Line area near St. Mark Catholic School and Glad Park Public School. The chase took place as students were leaving at the end of the school day.

The 11-year-old boy was released in the care of a parent, while a 15-year-old boy was released on bail the following morning.

**Pickup truck stolen before pool plunge**

The pickup truck discovered in Morgan Park Pool Saturday morning had been stolen, driven around the park and rigged to crash, York Regional Police say.

A witness saw the truck "doing

doughnuts" in the park and sports fields on Parkway Avenue east of Main Street, Markham at around 4:20 a.m.

A man was then seen putting something on the accelerator, police said.

The truck crashed through a chain-link fence and drove into the public outdoor pool.

A suspect is described as a white male in his early 20s, wearing a black jacket with a hood and dark pants.

**Nurse charged in theft of credit cards from patients**

A 34-year-old registered nurse from Brampton faces charges after a lengthy investigation of credit card theft from patients at York Central Hospital.

York Regional Police arrested the woman at her home just over a week ago on charges of fraud, theft, possession of stolen property and use of stolen credit cards. She also is charged with fraud over \$5,000 and theft over \$5,000.

Police said the offences took place between 2000 and 2004.

The case came to light in March when police took a fraud report from a 77-year-old Markham woman who had been a patient at the Richmond Hill hospital for approximately two weeks. After she was discharged, she discovered a credit card and cash had been removed from her purse, which was kept in an unlocked night table.
