White Wings Ceremonial Doves

Throughout recorded history, white doves have symbolized love, peace, goodwill and good luck.

Founded in 1998, White Wings Worldwide provides ceremonial doves for various events and major celebrations such as Canada Day at Toronto City Hall and the Santa Claus Parade.

White Wings Worldwide Ceremonial Doves are delivered to events in decorative white wicker baskets. After their release, guided by their homing instinct, the doves return to their dovecote.

Polo for Heart welcomes White Wings Ceremonial Doves Sunday, the final tournament day of Polo for Heart.

York Regional Police Air Support Unit

The Air Support Unit has demonstrated its effectiveness at supporting all units of York Regional Police and other emergency services, as well as public safety, through its versatility. Outfitted with a thermal imager and illumination device, AIR 2 performs general patrol duties from the air.

Throughout the year, the Air Support Unit teams up with the traffic bureau and district COR units in an effort to make safer roads in York Region.

During 2001, the Air Support Unit attended 1,390 requests for service. The

average response time was 4.91 minutes and the unit was first on the scene 514 times.

The York Regional Police Air Support Unit will be onsite Saturday at Polo for Heart, demonstrating the effective use of this air policing system.

York Regional Police Canine Unit

Not since *Turner & Hooch*, or maybe James Belushi's K-9 or TV's *Katz & Dog* has reverence been given to man's best friend and its canine ability to serve and protect people.

But, the York Regional Police Canine Unit has been doing it longer in real life and the unit's success stories would make great script for any Hollywood movie or TV serial.

Formed in 1989, the York Regional Police canine unit was formed to support the overall activities of the organization in the capture of criminals, locating missing people, searching for evidence and deterring criminal activity.

In 1991, the canine unit was expanded from four police service dog teams to its present size of five teams. In 1997, a narcotic detection dog was added.

Polo for Heart is proud to have the York Regional Police Canine Unit performing a demonstration Saturday. It's a great opportunity for visitors to learn more about police service dogs and the very special role these teams play in the lifestyle of the York Region area.

Boston Pizza®

Bring Dad in for Dinner

**SUPER
\$5.00 OFF**

any order of \$25.00 or more.

Excludes Taxes and Alcohol. Dine-in Only.
