A disappointing finish for Gibbons

Stouffville driver finishes ninth at Mosport, falls to second place in overall CASCAR points race

For Peter Gibbons, the Mosport Speedway 200 CASCAR race got off to a promising start.

But in the end, the 41-year-old Stouffville-area resident came away disappointed after finishing the race in ninth place.

Qualifying third for Saturday's 200-lap event on the Mosport International Speedway half-mile oval, Gibbons steered his Canadian Tire/Monroe Brake Chevrolet in the second and third position for most of the race.

But after making a scheduled pit stop on lap 99 to take on fuel and two tires, Gibbons returned to the track in third place and attempted to go to the inside of Mark Dilley's vehicle to take over the second spot.

DAMAGED IN COLLISION

Dilley, however, came down and hit the right side of Gibbons' vehicle causing considerable damage.

With the steering box split in half and bent tie rods, Gibbons had to fight to hold on until the finish 25 laps later in which he finished ninth.

"It was a handful those last 25 laps, everything was bent and broken underneath. We would have lost too many laps if we pitted to try to fix it so I just had to do the best I could," Gibbons said. "Looks like I will be making a trip to Canadian Tire for parts this week," he added.

Don Thomson Jr., who won the race, took over the overall series lead with 1,550 points. Gibbons fell to second with 1,539.

TEAM 3 RED RACE ENDS EARLY

Among other local entrants in the race, the Team 3 Red Snap-on Tools/General Electric Nighthawk MOPAR vehicle driven by Stu Robinson Jr. failed to finish the race after it was involved in a collision on lap 32.

Robinson was boxed in by a number of cars jockeying for position and was sent into the inside retaining wall of the front straight.

The caution flag came out and Robinson brought his car in for inspection. The crew evaluated the car and after extensive examination Team 3 Red car chiefs Mike Vanderwal and Rainer Zeitner retired their car from competition.

The next stop on the CASCAR circuit is Saturday at the Peterborough Speedway.
