Home Fusion

The enhanced service renovation company
Specializing in kitchen & baths & home interiors

Home Fusion's showroom, located in Markham, has already made a name for itself since opening in September 2002.

If one could describe a perfect team, this would be it! Jim Kearney and Dora Seaver are quite the combination. Dora, an interior designer for 4 years with a flair for style, and Jim, a specialist in kitchen/bath renovation & home interiors for 20 years.

It's the "perfect partnership" says Jim. "With our combined talents in this field, we work together on the design, planning and presentation of every kitchen project and produce some pretty amazing results." Jim's motto, "The greater the challenge, the greater the motivation."

"Being a total project management company, we handle everything from concept to completion & we do it well. We endeavour to be different and as a personal touch we challenge ourselves to produce something truly original & unique for every client."

ENHANCED SERVICE & GUARANTEES? YOU BET! WE AIM TO PLEASE!

Home Fusion guarantees that all contracts will not exceed the agreed price. We will absorb any hidden cost if unforeseen structural, routing or hidden obstructions should arise. "It's all about fairness," explains Jim. "If a contractor or designer makes an oversight, and many do, why should the client have to

pay for that mistake in the end. This is how most renovations go over budget. From a client's perspective, the contractor should be in the know period. Our successful project conclusions reflect the extensive site assessments that were done in the early stages of every project. It's all about credibility and trust. We are ourselves consumers and give our clients the service and respect that we would expect."

We are now located beside Avonlea Decorating in the Sherwood Plaza. A truly unique partnership, Home Fusion combined with the excellent staff at Avonlea Decorating now offer an incredible selection of the most up-to-date interior products, services and experience.

Prevention maintenance is the key to economic automobile operation

The arrival of cooler evenings has prompted many motorists to start thinking about maintenance service.

Sandy's Auto can help you have comfortable driving and sure starts in the cooler weather.

Their seasonal package includes: Lubrication, oil and filter change, vital fluid check which includes coolant/antifreeze test. In addition, they test not only temperature, range but corrosion effectiveness and PH levels, brake fluid levels and moisture content, and also provide a safety inspection and safety test drive, tire rotation, and thread depth test. Complete brakes, front end suspension inspection, as well as the heater and defroster for correct operation are also included, and the alternator, and battery are tested to ensure quick starts, and all belts and hoses are checked for cracks and leaks. Finally, the cooling system is pressure tested for leaks.

All the above is offered for the special price of \$59.95!

"Each year cars and trucks become more sophisticated in design," says Sandy, an ASE (Automotive Service Excellence) Certified Automotive Technician, who is affectionately known as the "Doctor." "That's why we upgrade our technical skills and product knowledge constantly."

Sandy adds: "We specialize in engine computer and sensor diagnosis and repair, anti-lock brakes, traction control, fuel-injection service and a wide range of other services from transmissions to tire repairs. This is your complete one stop shop."

Sandy's Auto Service Ltd. is Markham's first accredited emission test and repair facility. All tests are by appointment for your convenience, and you will be in and out in 20-30 minutes.

"I'll tell you whether your car does and doesn't need fixing, or if you need to return to your dealership for warranty repair," says Sandy,

a 40-year veteran in the automotive industry.

Sandy always takes the time to explain any repairs or maintenance performed or required and is happy to answer any questions. Sandy also shows customers any defective parts and explains why they needed to be replaced.

Customers appreciate this personalized service and attention to detail, which has earned him a loyal client base over the years and the nick-name the "Doctor." Customers are always called to verify any repairs before any work commences. Honesty, fairness and respect for all customers are the foundations of the business.

To ensure that your vehicle operates smoothly, this Fall call Sandy's Auto Service Ltd. to arrange your appointment. They're open Monday to Friday 8 a.m. to 6 p.m. Closed Saturday and Sunday for family time. Watch for Sunday's specials in the Focus on Business section.

There is no need to have to wait for the weekend to get your car repaired. We will supply a new car at no charge for any major repairs by appointment," says the Doctor.

Sandy's Auto Service Ltd. is located at 176 Bullock Drive, Unit 8 in Markham. They can be reached at 905-294-3868.
