Welcome to 'your' SPA at Markville, approximately 6000 square feet of total tranquil pampering to soothe your soul! First of all, we would like to thank each and every one of you for your continued support for the past 4 years, without each and every one of you we could not have done this - again, thank you all!

This full service DAY SPA totally focuses on 'you' by bringing balance and harmony to your body, mind and spirit. Because of our larger facilities, we can now cater to large groups and male guests now have their own private lockers and bathroom facilities. We have also added a lounge area so guests who are booked in for Spa Packages can relax during their down time, and also a make-up and skin care bar where guests can sit barside and have an experienced Therapist show them how to apply make-up or take care of their skin at home.

We offer an extensive menu of spa services, luxurious day spa packages, private consultation, customized treatments to fit individual needs and afternoon tea for groups of 5 or more.
