

Golf tournament continues to assist accident victim

The third annual golf tournament to support Luke Anderson, a Stouffville resident who suffered a spinal cord injury in a mountain biking accident in 2002, is May 27.

It is being held at the Carrying Place Golf and Country Club at Weston Road and Lloydtown-

Aurora Road.

Last year, 144 golfers took part in the event.

Proceeds from the day will help Mr. Anderson in his quest to become as independent as possible. With the help of funds raised at the previous tournaments, the 27-year-old was able to purchase a modified van to

accommodate his motorized wheelchair and defray other expenses. His latest goal is to buy a condominium, his mother Chris Anderson said. Then, together with others who have spinal cord injuries, they can hire their own attendants.

Luke lives in downtown Toronto where he visits

Kensington Market and other spots with friends. He writes a monthly column for Stouffville Living telling of the adventures he has with his wheelchair as he tries to carry out everyday activities.

ENGINEERING STUDIES

Mr. Anderson is currently doing some design work and

working toward his engineering degree. He uses a voice-activated computer.

He goes to Lyndhurst Lodge, which deals with the rehabilitation of those who have spinal cord injuries a couple of times a week for a fitness program.

The registration fee for the golf tournament is \$150

per person. It includes 18 holes of golf, a cart, reception and dinner. The cost for the reception and dinner only is \$75. Golfers will have a chance to try a number of contests on the course.
