Make Mother's Day unforgettable

What better way to show mom how much you love her than with breakfast in bed. Cooking breakfast should only be half the gift. Give mom an extra surprise by cleaning up.

(NC)-Mother's Day is a great opportunity to show your mom how much you love her. What better way than with breakfast in bed (and a clean kitchen!). A team at a major Canadian retail store has these tips for planning an unforgettable morning for mom.

Plan ahead

- Decide what you are going to make ahead of time. Try to incorporate some of your mom's favourite foods or her favourite dish into your breakfast preparations.
- Buy all the ingredients at least a day ahead. Don't forget to count the whole family when you are deciding what you need.
- Deliver your breakfast masterpiece to your mom on a tray.
- Put a little something extra on her breakfast tray. Whether it's a card or flowers, this small gesture will make her feel extra special.

Wake mom up with breakfast

- Start with her favourite drink. If she's a coffee lover, add some flavoured cream for a different taste. If she prefers orange juice, try freshly squeezed orange juice. This can be done by hand or with an electric juicer.
- If mom's favourite breakfast is bacon and eggs, add something a little extra this year by making homemade bread. Baking bread by hand can be time consuming so try a brand named breadmaker.
- If mom is more of a pancake and waffles person, jazz up her breakfast by adding in her favourite fresh fruits.

Clean up!

- Cooking breakfast should only be half the gift. Give mom an extra surprise by cleaning up. This will allow her to continue relaxing all day long.
