EXCEPTIONAL WINDOWS AND TRIM

Spring is the time of year people look to replacing windows and doors. The timing couldn't be better with thoughts of drafty windows and high heating costs fresh on our minds.

When searching for a reputable window company, the name that stood out from the rest was Fieldstone Windows.

Fieldstone Windows specializes in the replacement of high quality windows and doors. "We don't do roofs or other home improvements" says owner Ken Simpson. "Just windows and doors so we know how to install them and how to install them right".

When I asked Ken why people would choose Fieldstone over the many other companies that seem to come and go, his answer was simple... "Most of our clients are well educated discriminating people that are not satisfied with mediocre products or services. They want style, high quality products, professional installation and the peace of mind that if problems arise they will be solved quickly and competently".

Fieldstone Windows has long held to the belief that one product line cannot meet everyone's needs, so they offer several products and are always looking for new ones, an example being their newly introduced Chateau line

of windows and doors. "We're really excited about these" says Ken. "The windows have unbelievable slim frames giving the homeowner much more glass area and a sleek distinctive style not available in most other windows"

Granite thresholds, multipoint locks and extruded exterior mouldings are just a few of the features the Chateau entry doors boast. "We've been waiting for something this different to come to the window market and are proud to offer it" adds Ken.

The products are right, the weather is right. Now more than ever, the timing couldn't be better.

Sandy's Auto Service Spring A/C Special (The Home of the Doctor)

Spring is here, flowers are blooming and we at Sandy's Auto Service are celebrating our 30th anniversary in business. We started in a service station in Unionville in July of 1975, then in 1979 moved to Markham where we have been maintaining and repairing the vehicles of client's, friends and families ever since.

Sandy, affectionately known as the "Doctor," says he gets great satisfaction in knowing that kids who once brought their bicycles to the service station to repair tires and chains still continue to bring their cars for maintenance and repair. It's a great feeling for us to know that the trust and support continues to flourish with the second generation.

Sharon (the boss) says the staff at Sandy's Auto have enjoyed sponsoring T-ball, hockey and soccer teams in the community, while also educating and lending guidance to co-op students. Most customers are first impressed by the modern, comfortable reception area where fresh coffee is always on, and then by the clean service department. Technicians at Sandy's Auto are all Ontario Licensed and

certified by the Institute of Automobile Service Excellence (ASE).

Warmer weather is just around the corner, so take advantage of our spring early-bird air conditioning special. We will check for correct gas change, test for high and low system pressures, test for leaks, test vent temperatures, inspect all components for correct and stable operation, inspect the Heppa Cabin Filter and clean housings (where applicable). We will also check the A/C cooling fan for operation, and inspect belts and hoses, all for \$39.95.

The "Doctor" says there is even more. He will further discount 20% off labour on any A/C repair not currently on special as a value added incentive. If required, service cars are available by appointment. Our business hours are 8 a.m. to 6 p.m. Monday to Friday, Saturday and Sunday are family time. We are looking forward to meeting you and fulfilling your automobile requirements. All parts and service are fully guaranteed.

Sandy's Auto Service Ltd. is located at 176 Bullock Drive., Unit 8, in Markham. They can be reached at 905-294-3868
