A Summer of Fun

Popcorn,

Whitchurch Stouffville still retains that charm of a small town even though it is a part of the GTA (Greater Toronto Area). It continues to embrace events like the annual Strawberry Festival to promote themselves as a great place to live and do business. And now another set of events have been added to summer in order to keep that friendly feeling alive all summer long.

From Thin Air Pictures, operate the country's only inflatable movie screen. Standing 24 feet high and 30 feet wide, it is a spectacle unto itself. Add a great line up of family movies and you have the makings of a night out the family will be eager to take part in. Starting June 24th and then on July 22nd and the final night on August 19th residents and visitors will be excited by the drive-in/block party feeling of Outdoor Cinema.
