PUBLIC INFORMATION SESSION

Established Residential Neighbourhood Review & Assessment
Community of Stouffville

Thursday June 16th, 2005 7:00 p.m.
Council Chambers, 37 Sandiford Drive, 4th Floor

We welcome your input! Please join us for a discussion on how to protect the character of the established residential neighbourhoods in the Community of Stouffville.

Town Council has directed Staff and the Municipality's planning consultant, Meridian Planning Consultants Inc., to assess the adequacy of the existing policies and standards in the Secondary Plan and Zoning By-law with the objective of protecting the character of the established residential neighbourhoods in Stouffville. Council is concerned that in the absence of a clear policy direction and the appropriate implementation tools that will guide development / redevelopment proposals in Stouffville's established neighbourhoods, the growth pressures would result overtime in the introduction of an incompatible built form and the loss in the character of the area. The growth pressures could be attributed to: intensification; the construction of "monster homes"; significant building additions; the conversion of existing dwellings, and/or, second dwelling units.

On Thursday June 16th, 2005 at 7:00 p.m., the Development Services Department is hosting a Public Information Session that is designed to engage the residents of Stouffville on the issues and opportunities that are available to protect the character of the established neighbourhoods. The meeting will open with a brief presentation by Town Staff and the Municipality's planning consultant. Following the presentation, questions, inquiries and comments will be fielded from members of the audience. This is not a Council Meeting and no decisions will be made on June 16th. The information gathered from the Public Information Session will be reflected in a future Report to Council.

Copies of the Stouffville Established Residential Neighbourhood Discussion Paper will be available for review after Friday June 3rd on the Town's WEB site [www.townofws.com - Development Services Dept - Special Studies], the Whitchurch-Stouffville Library [30 Burkholder Street], or at the Development Services Dept. counter.

Please plan to attend... we welcome your input. This is your opportunity to work with Council as the policies and regulatory standards that shape your residential neighbourhoods are established.

For further information on the work program for the protection of the character of the established residential neighbourhoods or the June 16th Public Information Session, please contact Mr. Andrew McNeely, Manager of Planning Services at (905) 640-1910 ext. 270 or via email at andrew.mcneely@townofws.com
