Great Interior Makeovers Begin with Great Trim

Dale and Patricia Russell, founders of Canadian Trim and Decorative Ceilings Inc., have been beautifying homes in the Markham area for over 14 years. With an early focus on hand crafted plaster crown mouldings and unique decorative ceilings, the Russell's **PLASTERWORKS** brand developed a stellar reputation for quality, reliability and, most importantly, customer satisfaction.

The launch of Canadian Trim & Decorative Ceilings Inc. in March of last year is Dale and Patricia's response to overwhelming customer requests for more trim products to complete their makeovers. The company now offers:

- ✓ The full line of **Plasterworks** classic plaster crown mouldings
- ✓ Economical MDF and Polyurethane crown mouldings starting at \$4.95 per foot installed
- ✓ A new line-up of baseboard and door casing upgrades that include classic Georgian, Colonial and Contemporary profiles
- ✓ Interior pillars, pilasters and classic wainscoting
- ✓ Ceiling medallions, corbels and other decorative accents
- ✓ Ceiling refinishing; replacing builders' stucco with classic plaster lace, swirl or other custom patterns developed with the homeowner

"The impact of newly installed crown moulding on a room setting is stunning. Upgrading other interior trims to complement the ceiling mouldings pulls the entire look and feel of the room together. We consider the ceiling the 5th wall. Most people assume they have to live with builders' stucco or are afraid to touch up water marks on ceilings. We love doing ceiling makeovers."

Patricia, who helps homeowners plan their trim and ceiling makeovers via in-home consultation, says people are surprised at how economical it all can be. A 12' X 12' foot room can have crown moulding installed for just \$237.50 and the ceiling in that same room resurfaced for \$360.00.

Dale and Patricia's answer to frequently asked questions is **YES!**

- ✓ We install everything we sell and have a cash & carry program too
- ✓ We can do curved walls.
- ✓ We can refinish any ceiling.
- ✓ We do complimentary in-home consultations.
- ✓ We offer financing packages
- ✓ You can view our products in our new showroom located just off the 407

Owner Dale Russell believes that his clients say it best. "...our house just did not look complete until the mouldings and ceilings were installed. We painted, bought new furniture etc., but it was the mouldings that pulled the look together. You might say it was the **Crowning Touch** to my interior makeover"

Lockridge Hi-Fi Offers Unbeatable Products and Service!

Lockridge Hi-Fi is a one-stop destination for all your music and Hi-Fi equipment needs and is a great store for those looking for something extra.

Founded by music lovers with a passion for introducing high-quality Hi-Fi systems to less-experienced buyers and audiophiles alike, Lockridge staff show their customers how to achieve the full audio potential of both music and movies through the proper combination of high-end components. In addition, the store offers an amazing selection of over 3000 music recordings.

"We want to have the best stereo systems for all types of music," explained owner and music lover, Ringo. "Depending on the type of music, we can recommend the best equipment."

Lockridge Hi-Fi is unique because it allows music and sound to be heard as it was originally intended through the sale of high quality home theatre systems. Through the strategic use and placement of speakers and through the proper combinations of audio components, Lockridge seeks to bring the explosive sound and experience of today's movie theatres to the basements and family rooms of their customers.

"We place speakers strategically and use the principle of surround sound to replicate the movie theatre effect in a home setting," explained Ringo. "This way, the soundtrack can be heard as it was originally intended by the producer. We make it real!"

Indeed, as Ringo says, the sound is half the movie. However, achieving such stereo and surround effects depends on the proper setup. The talented and music-loving staff at Lockridge can provide the necessary advice because they know music well. After experiencing Lockridge, you'll quickly discover a personalized service and expertise that is far superior to your neighbourhood electronics store. Lockridge Hi-Fi offers something extra for the true music connoisseur; passion, excellent equipment, and most importantly, an acoustic

knowledge that not only enhances the quality of the music, but also accentuates the customer's good tastes.

Even better, Lockridge Hi-Fi is two stores in one. Besides their amazing equipment, the store also offers a great collection of CD's and LP's, including a large selection of jazz, classical, historical, contemporary and world music. In addition, the staff at Lockridge will assemble a system that best captures the essence of your preferred musical genre. Customers can experience different configurations of audio equipment in one of Lockridge's four demonstration rooms. The staff can create a custom audio system based on the preference and budget of the customer.

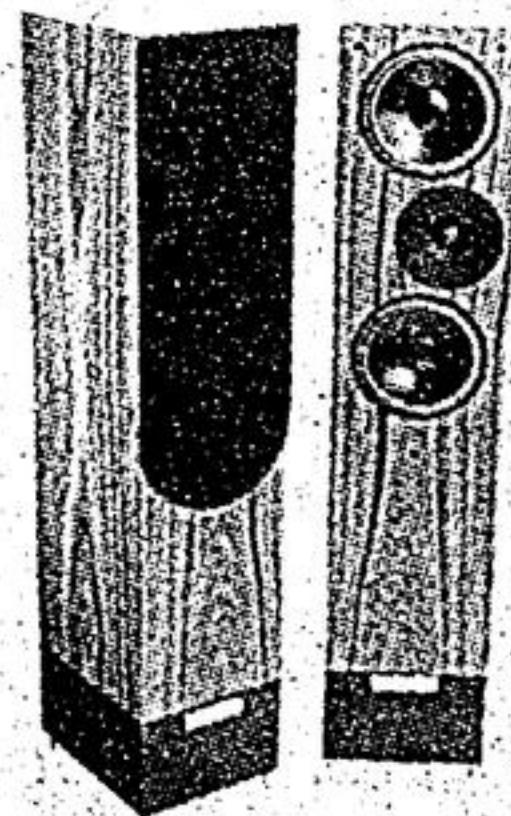

"If your equipment is properly setup, the acoustic experience is greatly enhanced," said Ringo.

Stop in today and experience Lockridge Hi-Fi's exciting summer sale. Customers can enjoy up to 30% off all CD's and most equipment until June 30.

Lockridge Hi-Fi is located at 50 Lockridge Avenue, Suite 14, in Markham.

Please call 905-475-6300 or email info@lockridgehifi.com.
