Stouffville Physiotherapy Clinic

The Stouffville Physiotherapy Clinic is one of the original 94 designated OHIP physiotherapy clinics established by the government of Ontario in the 1960s. As such, the clinic has been able to provide physiotherapy on an outpatient basis within the geographical area of Whitchurch-Stouffville and Markham as well as seniors in long-term care facilities across Ontario.

For the past 35 years, the clinic has always tried to place the goals and welfare of each client first, and has consistently attempted to assess and identify underlying impairments that may limit a person's ability to function independently. These impairments, along with input from the individual's goals are used to formulate a course of treatment. Our physiotherapists feel that this process of combining assessment skills, treatment techniques, analytical theories, and the individual's wishes is particularly important to achieve goals that are important to clients.

Our services are currently covered by 1) OHIP for seniors, post-surgical patients requiring hospital stay, & individuals under the age of 20, 2) Workers' Safety & Insurance Board (WSIB), 3) Auto Insurance, and 4) private health plans.

The Stouffville Physiotherapy Clinic is located at 37 Sandford Drive, Suite 103. For more information please call 905-640-1818

designated OHIP physiotherapy centre*

Stouffville Family Dentist

Our practice is owned by Dr. Therese Thomas, B.Sc., D.M.D., who has also completed one year of additional training in advanced education in general dentistry soon after her graduation in 1994.

Our office is a small, family oriented practice set up for the utmost luxurious comfort of our patients. This is enhanced by Dr. Thomas' conservative and conscientious treatment planning which is appreciated by our patients. We are conveniently located at Hwy 48 and Stouffville Side Road in the beautiful town of Stouffville.

Our Staff is pleasant, courteous, thoughtful and accommodating. We submit the insurance claims electronically and we accept insurance payments directly. We do expect the co-payment, if any, to be paid on the day of the treatment. We are open two Saturdays a month for patients who work too far from the vicinity of our office. We offer payment plans (with-in reason) without interest or financial charges to help patients achieve their suggested treatment goals. We look forward to having you as a precious new addition to the Stouffville family Dental practice. Thank you.
