

**breakthrough  
piano method**  
from Australia  
**has students playing  
immediately**

Simply Music® is a remarkable Australian-developed piano and keyboard program that has beginning students playing great-sounding pop, blues, classical and accompaniment pieces - immediately - from their very first lessons!

In contrast to traditional methods, the Simply Music program uses an entirely new and far more natural approach, and focuses on the sheer fun of playing music.

The method employs a unique playing-based approach that can be easily understood by children, teens, adults and seniors alike. Gone is the need to endure years of lessons, boring practice sessions and relentless hours of drills.

The bottom line is that Simply Music students get to feel the absolute joy and satisfaction that comes from immediately learning how to play a huge repertoire of great-sounding music.

*"My boys are 8 and 10. They've had just 12 lessons with Simply Music and already they know 12 songs. Not just 'Twinkle, Twinkle Little Star' and 'Mary Had A Little Lamb', but real music. The boys are already playing the blues. They think they're hot stuff!"*

-Rebecca Neis

*"Our experience has absolutely surpassed our expectations. My daughter is only 7 years old. Recently she played a well-known song in front of 100 people and she brought the house down."*

-Marsha Goodstein

*"At 83 years of age, this wonderful program has given my life a dimension that has brought me much joy and satisfaction. The experience of Simply Music has helped me to cope with stress and even sadness."*

-Sara Larmer Meuse

**FREE Introductory Session**

on Wednesday, Sept. 7th at 7:00 PM
