SPORTS FANS & WINGS UNITE AT WILD WING!

The games are on at **WILD WING UNIONVILLE**, where they're shaking their tail-feathers to create savory, mouth-watering wings for their customers, as well as providing them with 7 large TV screens to access this season's much-anticipated sports games with wing & pitcher specials to go along with it! Talk about NFL and NHL central!

Their wings are lightly dusted and deep-fried in vegetable oil for preparation to be served dressed (or UN-dressed) with one of your favorite concoctions from their list of 52 signature sauces (including Thai Domi, Garlic Parmesan, Canadian and American), or 20 "NAKED" flavours (like Lemon Pepper, Mystery and All-Dressed-Up). Wild Wing is themed towards a barnyard style, sports-bar atmosphere where kids are always welcome because they are proud to offer a relaxed, family environment. They also feature a heated patio for

outdoor-socializing and provide a great place to host a party whether it's a business function, Christmas party, birthday party or a night out with the gang.

If you're crazy for wings, and even *crazier* for variety, Wild Wing's knowledgeable staff can wow you with their extensive knowledge of the menu options which also include salads, seasoned fries, and sensational wraps. If you've never been, we *strongly* recommend you try, and fall in-love with the "wild" experience.

Wild Wing Unionville is located at 20 Fred Varley Dr.

(Just off Main St.) In Unionville.

Call 905-944-WING (9464) for more information or to plan your next visit!

DAVIS DESIGN

Davis Designs is your best tool in interior decorating and design needs. Kelley Davis has a background in graphic and commercial art. She has attended the International Academy of Design and since 1998 has been working as a design and decor consultant and recently has gone on her own, opening Davis Designs. Kelley does complete design, designs with complete drawings of kitchens, bathrooms, fireplaces, basements, etc. Kelley does decorating from room expansions to the napkins and rings on your dining room table. Kelley also does colour consultations, helping clients confidently choose colours for their home and saving the expense of being disappointed and having to start again in the long run. Kelley guides her clients with their wants and needs keeping them in focus on one room at a time and also staying within their budgets. Kelley finds when a client jumps from room to room, it can turn

out to be too much for them, becoming overwhelmed and sometimes it just shuts them down. Kelley will help you choose pieces that can be used for different purposes and move throughout your home. When doing design, Kelley will spend the time finding the needs of that client for example; entertaining needs, maximum seating capacity, children and pets, for a look that will be transitional and move well into the future. She will educate the client on plumbing fixtures, cabinetry, countertops, lighting and flooring. Kelley recommends spending well in these areas, since these are things you will not want to change in the near future. Kelley's greatest compliment is hearing the client tell her "we think alike" which translate to listening to the clients' needs and wants.
