HEALTHY LIVING

The Pink Ribbon Boutique October is Breast Cancer Awareness Month

The Pink Ribbon Boutique in Markham is a caring environment where Marie Randorf focuses on mastectomy prostheses and professional bra fittings. Marie has been certified as a prosthesis fitter for more than ten years. She is a designated provider of Amoena Airway & Camp mastectomy prosthesis. Marie previously owned and operated a Lingerie and Mastectomy boutique in British Columbia for the past ten years before relocating to the Markham area. She now focuses only on mastectomy prostheses and professional bra fittings.

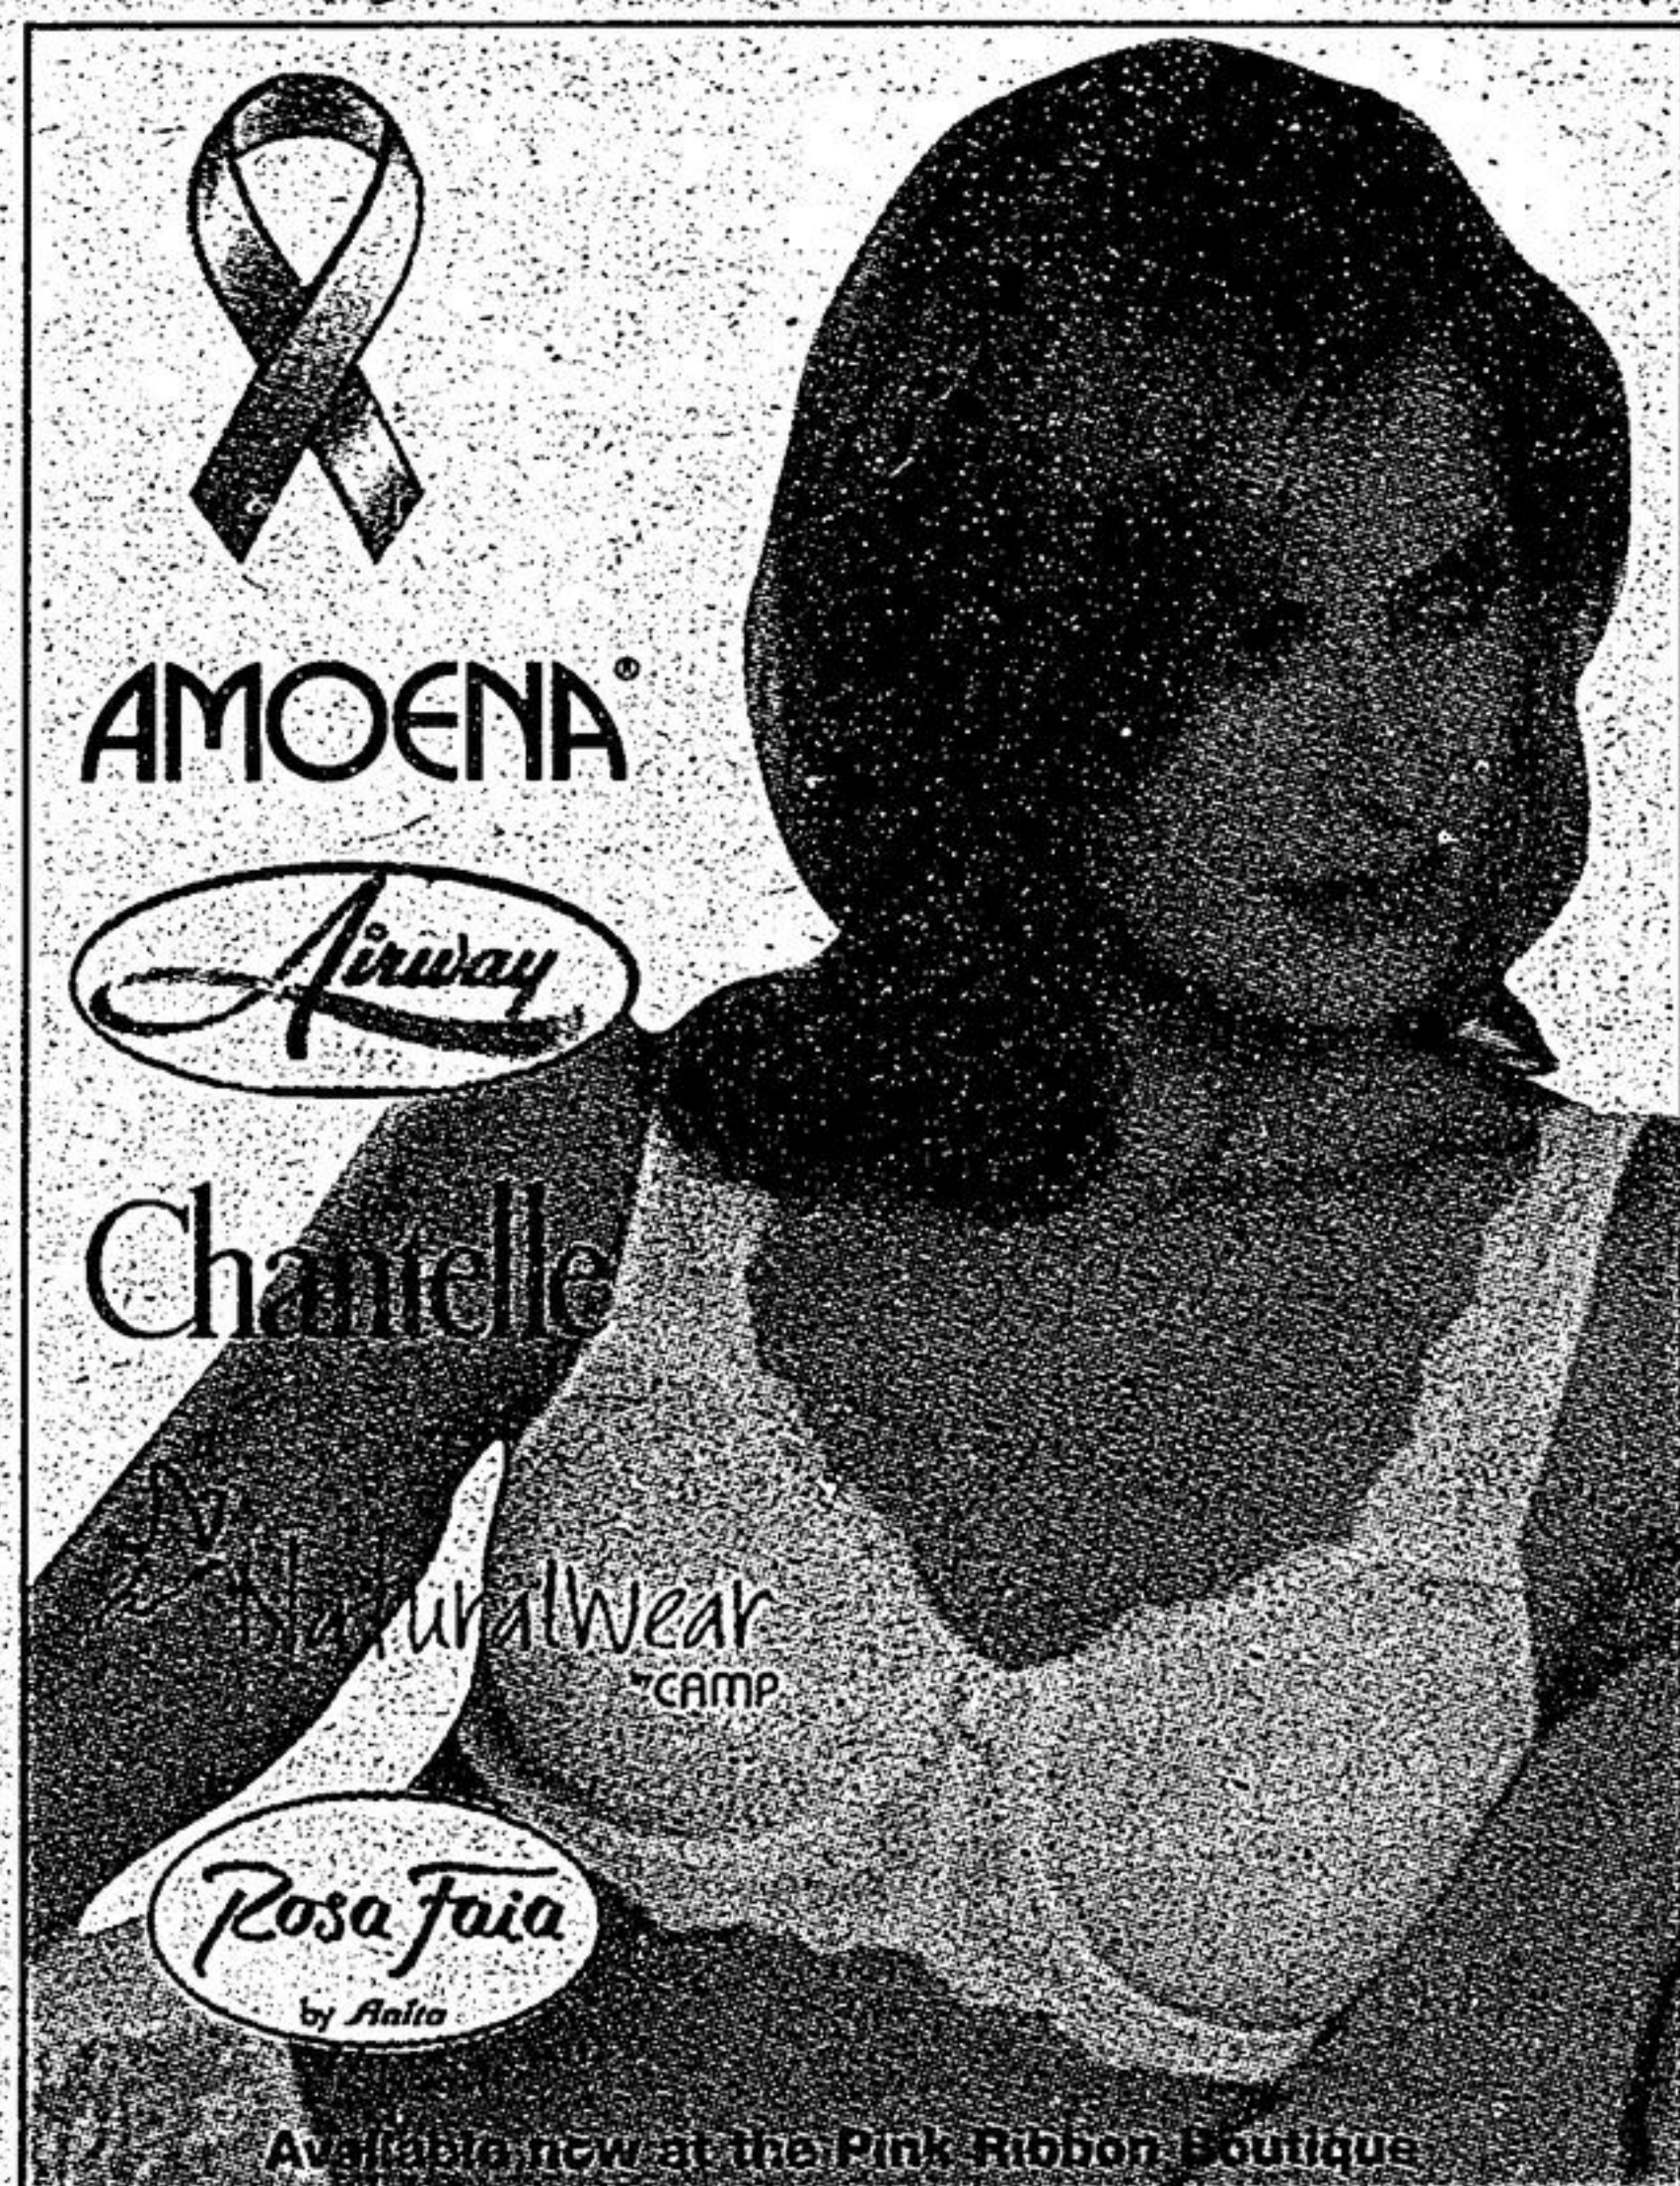

She believes you can actually enjoy shopping for a new you after a lumpectomy or mastectomy surgery and even find just the right European style bathing suit. Marie works directly with various hospitals and cancer clinics in the GTA to help breast cancer patients with post surgery needs. She also actively participates in Breast Cancer Awareness fund raising events.

Live life to the fullest. Wherever you go, whatever you do, Marie can fit an external breast form that gives you the natural silhouette, softness and security you need after breast surgery.

The fitting of a breast prostheses is not only for aesthetic appearance, it is also a therapeutic measure that replaces the weight of the breast. When fitted with a breast prosthesis that matches in size to the remaining breast, the weight equilibrium of the body is kept in balance. Not wearing a breast prosthesis or wearing one that is heavier or lighter can result in spinal curvature, shoulder drop, muscle contracture (pain) and balance problems.

Balance shapers slip into a traditional bra to even out your figure in just the right places. Marie also carries a seamless full support "Chantelle" bra from France.
