

Oticon • Tego

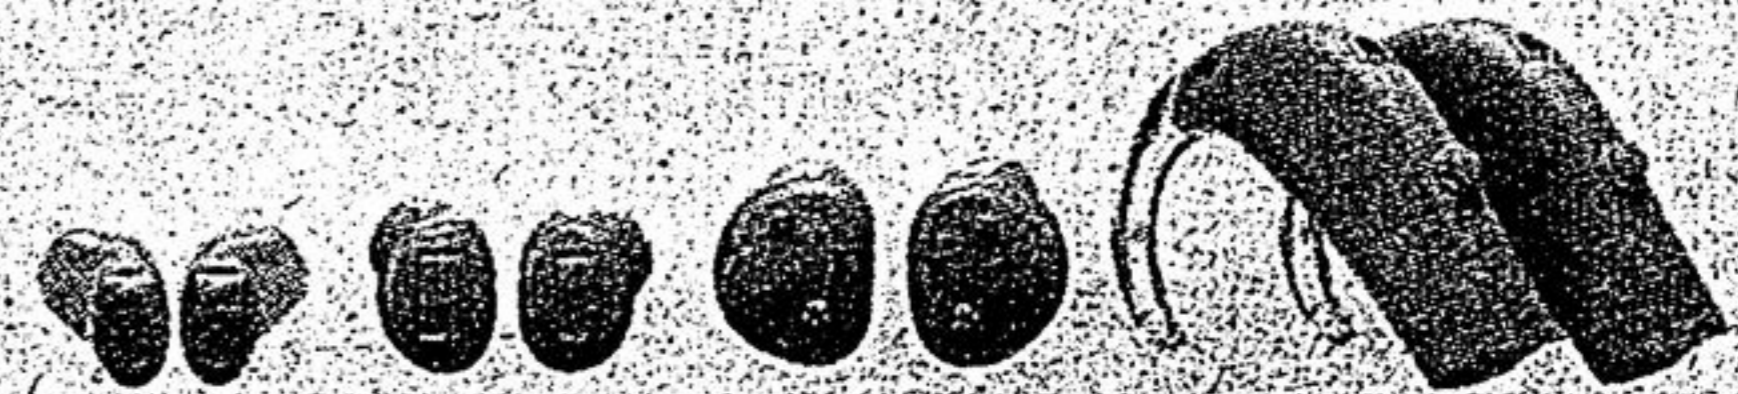

Discover A New World of Hearing

Oticon's new Tego instrument offers amazing performance and ease of use, which makes it perfect for people who are considering improving their hearing.

No matter your age, it's good to be able to hear - and Tego is built to help you do it. It offers an array of advanced sound processing features, all of which are automatically controlled by the unique DecisionMaker system.

With Tego you don't have to think about your hearing aid when it's on; all you have to do is to listen and enjoy excellent sound quality wherever you go.

CALL NOW for more information about this remarkable new hearing solution.

Don't Miss Our 2-Day Open House on Tuesday November 29, & Wednesday November 30, 2005

The Uxbridge Hearing Centre is hosting a Special 2-Day Open House on Tuesday November 29, 2005 and Wednesday November 30, 2005 at our location from 9:00am to 5:00pm. Erin Squarey, a representative from Oticon Canada will be at our office to demonstrate Tego and answer questions regarding this remarkable new hearing solution. This will be an opportunity for individuals to learn more about hearing loss and to see for themselves the difference this revolutionary technology can make.

If you think you or a loved one has a hearing loss, don't miss this opportunity to receive professional advice. Call us today to schedule a **no obligation, preferred appointment** for a free demonstration at this Special 2-Day Open House. Space is limited!

Erin Squarey, M.Sc., Aud(c),
Reg. CASLPO
