# Chrysler dealer coming to town this summer

BY HANNELORE VOLPE  
Staff Writer

You'll soon have a third place to check out the latest vehicles when a Chrysler dealership comes to Whitchurch-Stouffville early this summer.

A building for a Chrysler dealership is being constructed along with another building to house a Kubota farm and construction equipment dealership on a 2.57-acre property owned by B.E. Larkin Equipment Ltd.

The new dealerships will be across from Springvale Baptist Church on the southeast corner of Stouffville Road and Kennedy Road.

Bill Houston Ford Ltd. and Giles Chevrolet Oldsmobile Ltd. on Main Street have, up to now, been the municipality's only new car dealerships.

Stouffville Chrysler, in the Card's TV and Appliances building, closed six years ago.

The new Chrysler dealership will have a total floor area of 13,887-square-feet while the Kubota equipment dealership will spread over 12,859-square-feet.

Neighbours on Kennedy Lane adjacent to the property are requesting that their lane be closed at Stouffville Road. That's to keep traffic generated by the dealership from entering the small neighbourhood.

Whitchurch-Stouffville council is to consider the issue at a future meeting.

Residents also expressed concerns about pollution or toxic water, the impact on their property values and impact of exterior lighting once the new buildings are constructed.

The property owner and Arrowsmith and Associates, architects for the project, met with neighbours to discuss and work out their concerns early on in the process.

That meant residents "were well aware of what was being proposed", Tom Parry, the town's director of development services, explained.

The Kubota dealership has been at the site for around the past five years. The property housed a construction yard and farm implement dealership before that.

# WE'LL SAVE YOU THE MONEY!

ON ALL BRAND NEW VEHICLES!

**BEST BACKED CARS**  
IN THE WORLD
