cellulite & fat reduction

Special - laser hair removal
both underarms \$19.95 per treatment

6038 Main Street Stouffville
905. 640.0092

Look and Feel Your Best Right in Town!

Located in Stouffville, managed by industry experts, and staffed by caring professionals, MediSpa Clinic on Main caters to the needs of those wishing to reduce or eliminate the visible signs of aging. With emphasis on delivering the latest in "proven technologies", MediSpa Clinic on Main prides itself in meeting client expectations, whether the client is a teenager or an adult, male or female.

MediSpa Clinic on Main is not a traditional aesthetics salon, but rather a Medical Aesthetic Clinic specializing in non-invasive anti-aging treatments such as laser hair removal, photo-facial skin rejuvenation, vein treatments, microdermabrasion, chemical peels, non-surgical facelifts, body contouring, and cellulite and fat reduction. Contrary to what some may believe, one does not have to drive into the heart of Toronto in order to benefit from effective anti-aging services.

With an extensive menu of services, the most popular treatment for women is still laser hair removal; it is increasingly becoming popular with men as well. "I've been bothered by the hair on my back most of my life", says Frank, a recent client. "MediSpa Clinic on Main's treatment program took care of my problem and I am no longer embarrassed to take my shirt off. They were professional and their technicians made me very comfortable with the entire process which was something I

knew absolutely nothing about".

Second in popularity to laser hair removal is photofacial rejuvenation - a treatment specific to addressing the effects of sun damage, brown spots, rosacea and visible facial veins. "There are very few people who won't see the visible benefits of this treatment", says Registered Nurse Chantal Ward. "We see men, women and even teenagers with acne wanting to improve the condition of their skin especially when having exhausted other methods of treatment. We go to great lengths to make everyone feel educated about their options, comfortable with our services and, more importantly, confident in us!"
