Are You Sick and Tired of Being Sick and Tired?

If you suffer from chronic fatigue, persistent neck or back pain, weight gain, headaches or digestive problems, you may be suffering from adrenal burnout. To find out the latest research on this topic, attending this free symposium may be the most important thing you do this year. You will discover the true causes of these conditions and natural solutions you can use right away. Many are feeling healthy again for the first time in years. Dr. Allen Turner is an international speaker and lecturer who has been featured on the Dini Petty Show, National News and Canada AM. He will present a free symposium on Thursday, Oct. 12, 7:30 pm at the Stouffville Health Centre.
