## MARKHAM FURNITURE'S CUSTOM SOFAS AND CHAIRS OFFER CONSUMERS AFFORDABLE QUALITY

The reputation of Markham Furniture as a quality furniture manufacturer extends throughout the GTA and beyond. Winner of several Readers Choice awards in both the Markham Economist and Sun and the North York Mirror, this family operated business is a favourite among discerning consumers who want the very best in home furnishings.

"This is a real family business, where everyone gives that extra effort," says owner, Bill Rizk. "I'm joined by my wife and three children, who are all committed to providing the highest quality products and the best customer service. We are also supported by a staff of extremely skilled workers who have, on average, 30 years' experience in the furniture industry."

Rizk, himself, has been a furniture specialist for 30 years, and in 1998 opened his own manufacturing facility to accommodate custom orders of high-end sofas, chairs and love seats. Brisk sales and an increased demand for the company's own brand of furniture prompted Rizk to open a second location two years ago, in the Yonge St. and Lawrence Ave. area.

Introduced in 1998, Markham Furniture's own line of sofas is constructed using quality materials and superb craftsmanship. At the company's showroom, customers can browse the various styles available and order a sofa or chair that is manufactured to a customer's exact requirements.

From leather sofas to reclining chairs, Markham Furniture's handcrafted pieces feature hardwood frames and coil springs. Many choices of seating firmness (soft, medium or firm) are available, as well as deluxe, down and feather.

In addition to offering brand new sofas and chairs, Markham Furniture provides expert reupholstering services for a wide range of furniture, for less than the cost of buying comparable new furniture. Sofas, sofa beds and tub chairs are restored to their original beauty and design. Family heirlooms and treasured pieces are beautifully finished to become the focal point of any room.

Because Markham Furniture manufactures its own sofas and chairs, customers enjoy incredible prices for high-end, top quality furniture. The company sells its pieces for 30 to 40 per cent less than comparable furniture on the market. Because the furniture is custom designed and finished, customers receive even more value for their investment. Floor models at the company's showroom can also be purchased at discounted prices.

"All of our products come with a lifetime warranty on frames and springs," Rizk says. "Customers want custom-built sofas that are stylish, durable and affordable, and we are pleased to offer these products."

As the holiday season approaches, many homeowners are looking to update their décor. Now is a good time to put in an order for reupholstered pieces or brand new furniture. Entertain family and friends this holiday season with a new look by Markham Furniture.
