**PUBLIC SERVICE  
WITH A SMILE**

Outgoing Ward 5 Councillor Harry Bowes cuts a cake with help from his grandson, Christopher, 2. Mr. Bowes was honoured on his retirement from 30 years of public service in Whitchurch-Stouffville at Latham Hall last week. More than 100 people attended to honour the former school trustee and board chairperson.

**Pre-Apprenticeship**

Somebody finally got it right!

Finally, the answer to the skilled trades demand. A recruitment and training facility, providing employer subsidized training for candidates interested in working in high demand trades, like Plumbing, Electrical, Heating, Air Conditioning and Network Cabling. Finally someone got it right. Skilled trades are great for people interested in high paying jobs and a great career.

Nestled in North York at 10 Kodiak Crescent (Allen Rd. & Sheppard) is The Pre-Apprenticeship Training Institute. A two story facility where training is as real as it gets. Students receive real world training, all industry tools, safety training and placement with a well established company as a registered apprentice. The focus is to provide Canadians with access to high paying jobs in a high demand industry that promise employment stability, financial security and career options. Participating Employers will also qualify for Financial Subsidies.

Check them out at [www.patinstute.ca](http://www.patinstute.ca)
