## how to write an ad THAT WORKS!

- When placing a Classified ad, include all of these elements for a message that sells!
- Start the ad with the item, service or job you are advertising.
  - Provide as much information as you can. The more information, the better the response.
  - Always include the price of the item.
  - Use large type, white space, borders or graphics - anything that will make your ad stand out.
  - To get maximum exposure, run your ad for multiple days. There are new readers every day.
  - Use only standard abbreviations, to avoid confusion.
  - Most important, call 1-800-743-3353 to place your ad.
