

PowerStream Inc. Donates \$400,000 to Markham Stouffville Hospital

Brian Bentz, PowerStream President and CEO

MARKHAM - York Region's largest electricity distribution company recently announced a \$400,000 pledge to the Markham Stouffville Hospital Foundation. The gift will be designated to the Markham Site's future plans for redevelopment.

Board of Directors. "But I also know that the company recognizes its real reward comes from the knowledge that this donation will ultimately benefit so many people within our community."

"As a founding member of York Region Character Community Program and a corporation concerned with the health and welfare of the residents within its service territory, we feel it is important to support Markham Stouffville Hospital," commented PowerStream President and CEO Brian Bentz. "The donation will be earmarked to fund capital projects which will ultimately improve patient services and help save lives."

"The PowerStream gift is a substantial investment in our planned redevelopment for Markham Stouffville Hospital. It is also a great example of how the Board, Management and staff of PowerStream continue to live by the values of the Character Community Program", said Janet M. Beed, President and CEO of Markham Stouffville Hospital.

"Our region is amongst the fastest growing in Ontario and the expansion of the Hospital is essential to meet our ongoing commitments to the people who work and live in our communities."

As one of the largest local electricity distributors in Ontario, PowerStream is a true leader in corporate social responsibility, which makes it an ideal partner for the Hospital.

Frank Scarpitti, Markham Mayor

The Hospital will recognize PowerStream's act of generosity with a dedication opportunity in its Digital Radiology Suite. This suite, located at the entrance of the Radiology Centre, houses a state-of-the-art radiographic and fluoroscopic system, providing advanced live X-ray services to more than 3,000 patients annually.

"I am certain that PowerStream appreciates the recognition it will be receiving from Markham Stouffville Hospital," said Frank Scarpitti, Markham Mayor, Vice-Chair of PowerStream's Board of Directors and a member of the Hospital

"The donation will... ultimately improve patient services and help save lives."
