Teenager beaten in home invasion

A teenager attacked on the main floor of his Whitchurch-Stouffville home Friday morning was bound and held at knifepoint for an hour before freeing himself, York Regional Police said.

At about 1:30 a.m., four of men broke into the Hwy. 48 and St. John's Sideroad area home, just north of Ballantrae, likely through an unlocked door, hold-up unit Det. Const. Shawn Barton said.

The victim was bashed on the head and two men then covered his head, tied his hands and held him at knifepoint, while two others stole cash and property — including a 16-inch by 16-inch by 24-inch grey safe on wheels, containing a marriage licence and a will, Det. Const. Barton said.

Before jumping into a vehicle, the men warned the teenager not to call the authorities.

The victim was bashed on the head and two men then covered his head, tied his hands and held him at knifepoint...

The victim, who suffered cuts and bruising in the attack, was able to free himself after 20 minutes, called a friend who then called police.

"The safe is of great importance to the family as far as sentimental value and the important documents," Det. Const. Barton said, adding the documents are of no use to anyone else.

All four suspects are described by police as male, Caucasian, in their early 20s and wearing hoodies.

Police are urging residents to keep their doors and windows locked at all times, know who is at the door before opening it and report suspicious behaviour.
