Just as there are no dominating trends in fashion today, a wide variety of preferences prevail in home design options. From furniture to accessories, people search for items that possess a stronger sense of personal style. Another important trend is sensuality, which means luscious fabrics, soft warm colours and simple shapes.

Newman Concepts in Dance Setting the standard in dance education since 1993.

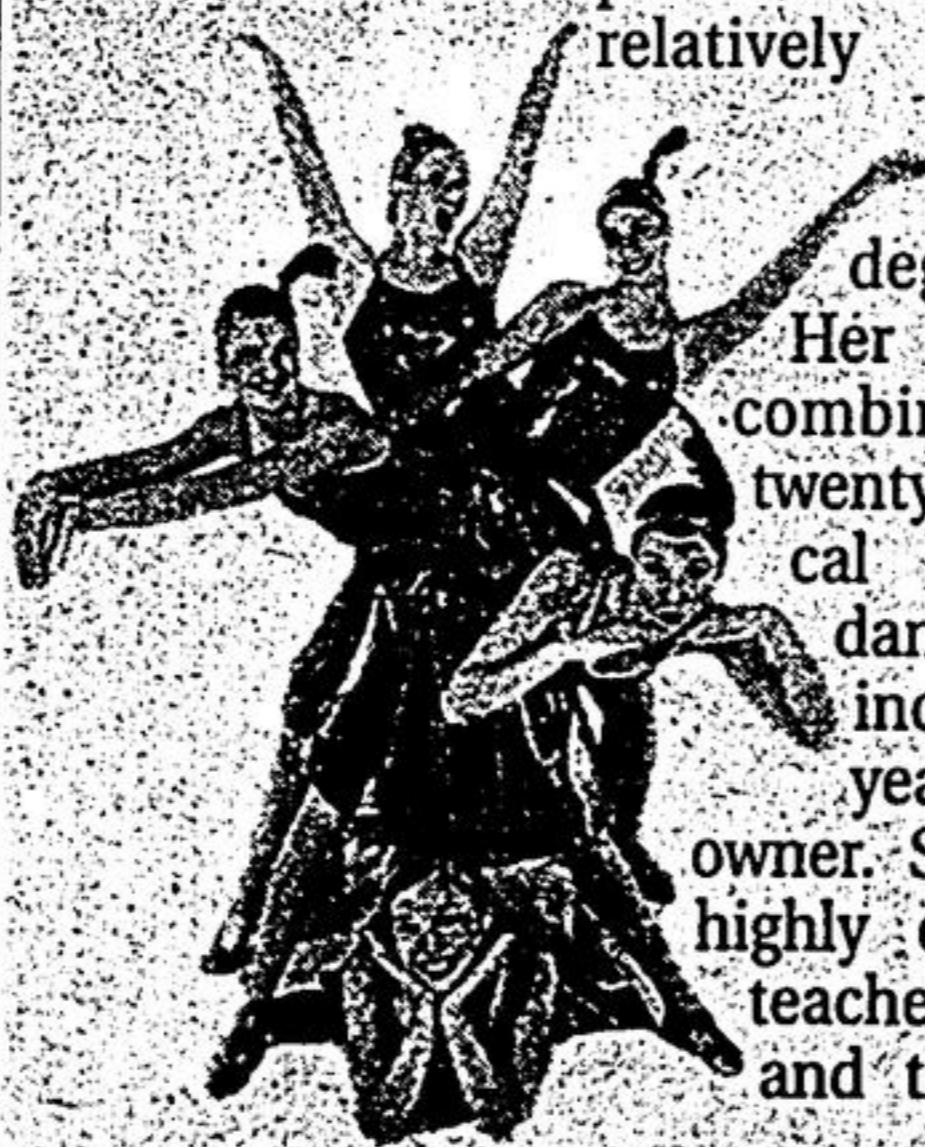

For over a decade Newman Concepts in Dance has been providing superior performing arts instruction, with full-time professional, qualified instructors. As the largest dance facility in Stouffville, they are located and committed exclusively to their hometown, and they know Stouffville best! Their dedication to developing local talent has made them Stouffville's leader in performing arts education. Newman Concepts in Dance provides aspiring young artists with a well-rounded, safe, technically-sound performing arts education, while fostering creativity, and nurturing artistic development.

Lee Newman MA, Artistic director and founder of Newman Concepts in Dance, is one of the relatively few practicing dance teachers with a master's degree in Dance. Her education is combined with over twenty years of practical experience in dance instruction, including thirteen years as a studio owner. She is the most highly qualified dance teacher in Stouffville and the surrounding

area. Her faculty is made up of highly qualified, award-winning teachers and choreographers; graduates of dance programs at York University, Ryerson University, Toronto Dance Theatre and the National Ballet School. Their goal has always been to train healthy, well-rounded dancers and perhaps most importantly, to spark a love for the art of dance.

Competitive and recreational classes include Jazz, Tap, Ballet, Pointe, Lyrical, Modern, Hip Hop, Musical Theatre, Acrobatics and KinderDance. Programs are offered for beginner to advanced students ranging in age from two-and-a-half years old to adult. Class sizes are limited and take place in one of two spacious studios equipped with professionally sprung floors to prevent injury.

Fall registration dates are Tues., Aug. 28 & Thurs., Aug. 30, 2:00 - 8:00 pm; Tues., Sept 4 - Thurs., Sept. 6, 4:00 - 8:00 pm. Space is limited so register early!

You are invited to drop by on one of their registration dates and discover for yourself why Newman Concepts in Dance is the best choice you can make for your child's dance education.
