Modern Home Furniture

At Modern Home Furniture, they know you're not just furnishing a house - you're creating a home. That's why owner R.V. Sangar is putting the finishing touches on a virtual model home in the display room of Modern Home Furniture at 5402 Main Street. "We're re-designing the store to perform as a style guide," says Sangar. "Some of the best interior design ideas available today will be on display to give you more flexibility creating the furniture to fit your life, your world and your dreams. You can transfer the same look to your own home or you can personalize the pieces to reflect you and your family."

The family-owned business specializes in Canadian solid wood furniture, top-quality mattresses and a unique line of custom-made sectional sofas manufactured in their own factory. The exciting selection of traditional and contemporary furniture includes products from Palliser, Lee, Durham, Simmons, Serta and many others.

You'll find every style and fabric under one roof and the atmosphere of no-pressure selling is warm and friendly. "Our furniture comes direct from the manufacturer and the savings are passed on to you," says Sangar. "We take pride in selling you the quality furniture you want at this area's best prices. If you don't see it in our showroom, we'll order it special for you."

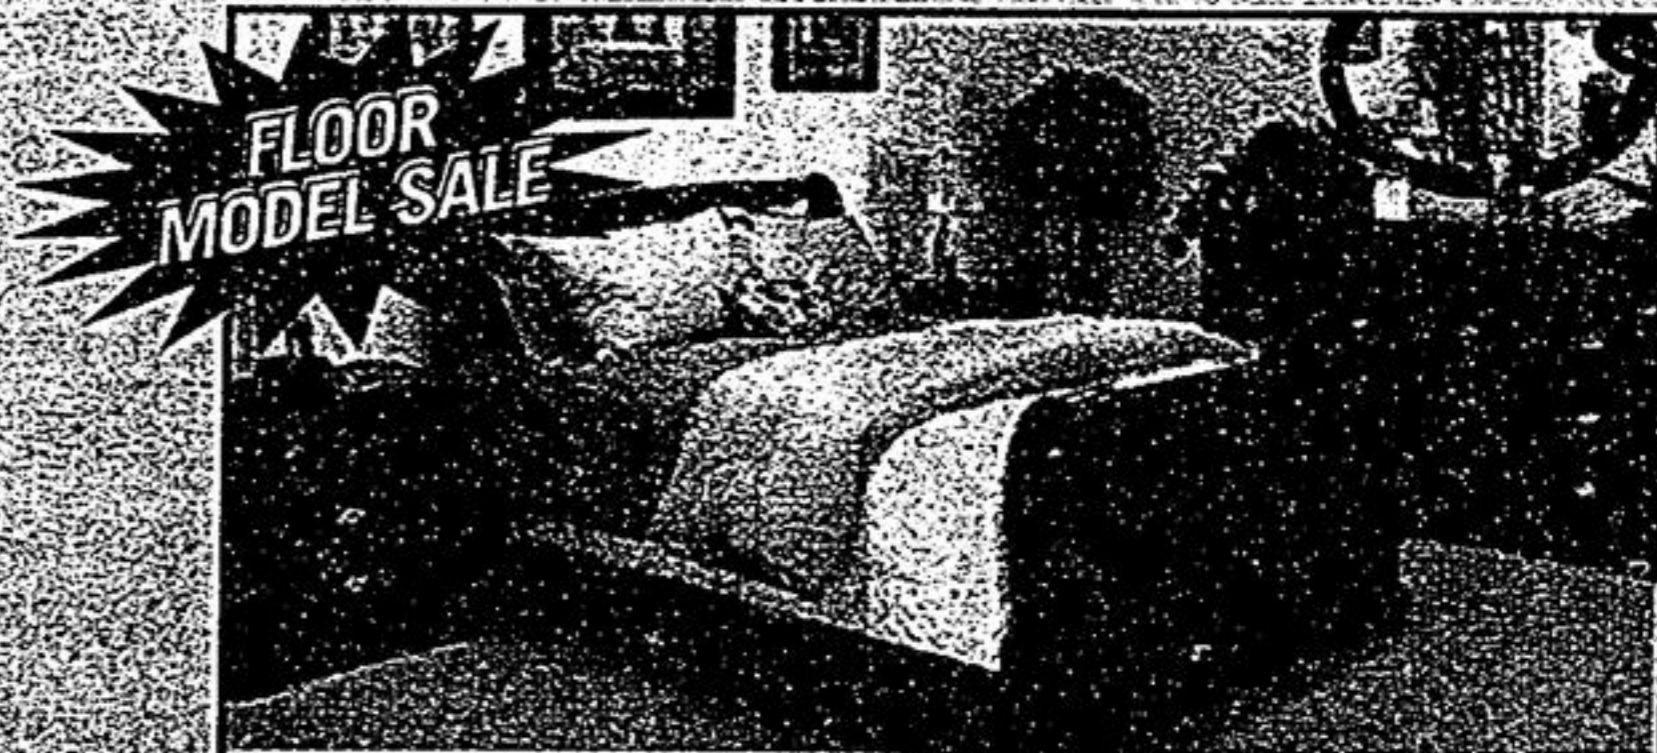

If you're not sure what you're looking for, the staff of interior decorators will assist you in finding the perfect furniture to complement your lifestyle. Whether you are furnishing a new home or refurbishing your existing home, you will appreciate the service, selection and quality.
