

# Play area in McDonald's addition

McDonald's in Stouffville is about to grow and offer more fun for youngsters.

An addition of around 72 sq. m. or 784 sq. ft. across the north side of the building will be built.

It will add 32 more seats to the

restaurant.

A children's play space with an 11-metre-high tower will be in the northwest corner of the addition.

The addition will require the installation of 13 parking stalls.

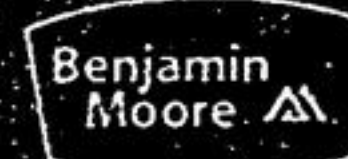

McDonald's is at Main Street and Sandiford Road.

Town politicians approved an exemption from a site plan control agreement last week to permit the addition.
