## County Holstein Men District Annual Jan. 24th

On Wednesday of next week, January 24th, the lovers of Black and White cattle will meet at the Masonic Hall, Richmond Hill for the annual meeting of the York County Holstein Club, the oldest and largest of the breed clubs in the county. Secretary, Roy Barker of Woodbridge, warns everyone to be there before 10.30 to be eligible for those lucky door prizes. Reports of the various officers and fieldmen will be presented and lunch served at noon as usual.

The afternoon will be taken up largely with the election of directors and the address by Dr. H. L. Patterson, Director of the Farm Economics Branch, Parliament Buildings, Toronto, who through the Dairy Herd Improvement Associations has made a very interesting survey of dairy farming operations. No doubt there will be considerable discussion on the proposed amendment coming up at the Canadian Annual Meeting regarding the limiting of registration of bulls to R.O.P. stock.

Mr. James Bremner, Toronto, Secretary of the Canadian Jersey Cattle Club who recently returned from a trip to Jersey Island will give an account of his trip at the annual meeting of the York County Jersey Club in the Agricultural Board Room at Newmarket on Monday next, Jan. 22nd. The morning session will start at 10.30 and a free lunch will be served by the association at noon. The directors are very anxious for all Jersey breeders to join them for the entire day.

York County Junior Farmers are looking forward to their second "At Home" Dance which will be held at the Newmarket High School on January 26th. Last year's event was quite successful and those who attended really enjoyed it. However, this year's committee are appealing to ex-Junior Farmers as well to take advantage of this opportunity to renew acquaintances with former co-workers.

Dress for the occasion is semi-formal and lunch will be provided. Then of course there will be a series of prizes for certain lucky people. Tickets are available from officers of local Junior Farmer clubs or from the Department of Agriculture, Newmarket.
