

Not Enough Kilts In Scotland

Officers of the newly formed Canadian Scottish battalion went shopping in Edinburgh for 1,500 kilts, but even the wary Scots did not have such a

large supply on hand. The Scottish piper, shown above, managed to equip himself in full regalia before Canada formed her new unit.

Paid workers outside of agriculture outnumber farm operators as a voting group by 4.97 to one.

The Canadian grape crop is produced almost entirely in Ontario where the wine industry is centred.

Great Variation in Municipal Building Regulations

Practically all municipalities within this district are now operating with building bylaws, restrictions on the size of lots and the buildings which may be placed thereon.

In Stouffville at the present time, the minimum lot size is 7,500 square feet for new sub-division building or 5,000 square feet on old established lots. This latter minimum is in the process of being increased to 7,500.

In Markham Township in areas not served by a domestic water system, the minimum area is 15,000 as recommended by the Ontario Department. In Whitchurch Township, 12,000 is the area required, as also in Pickering. However, adjacent to Pickering in East Whitby, the regulations call for 15,000.

In the case of Stouffville should a sewerage system be established, the minimum area for all building lots might remain at 5,000. As it is, however, owners are not allowed to build upon lots of a lesser area than those stated, nor install septic tanks therein. Main reason for this stipulation is one of health, and the maintenance of proper sanitary conditions as recommended by the Health Unit authorities.

Many and varied are the clauses contained in the building bylaws of these municipalities, although in the main, they must conform to regulations of the Municipal Board.

Too little publicity has been given to the work of the Dept. of Planning and Development, and to the reasons for its existence, and this fact gives continuous rise to confusion and misunderstanding among the public.

DAYS OF YORE

From the Files of The Stouffville Tribune

27 Years Ago
Mr. and Mrs. T. W. Klinck, Mrs. F. C. Rowbotham and Helen attended the annual convention of the Churches of Christ, held in Toronto last week.

The regular meeting of Stouffville Council for June was held following the Court of Revision. Reeve J. S. Dougherty presided, all members being present, Dr. F. A. Dales, F. W. Silversides, E. A. Lunau, and F. W. Silvester. Repairs to the reservoirs came under discussion. This will prove to be quite an extensive piece of work, involving the expenditure of several hundred dollars. The walls on the new reservoir are practically useless, three sides having been toppled over by the frost, while the remaining side is cracked. Another account was paid for lighting council chamber block and the clerk's office, also the sum of \$499.17 to the H. E. Power Commission for power used in May.

Bloomington—Mrs. Robt. Burnett spent a couple of days in Toronto last week.

Churchill—Miss Irene Paisley visited Miss Beatrice Chapman's on Sunday.

5 Years Ago
The passing of Mr. John S. Dougherty recalls the fact that when he served as reeve the council under him in 1924 was composed of Messrs. J. G. Lunau, F. W. Silvester, and F. A. Dales. We understand that Mr. F. W. Silvester is now the sole survivor.

Miss Winnie Davis (Mrs. Jas. Harris) has been appointed to the position of head clerk at the Five to a Dollar store.

Mr. and Mrs. Geo. Gunn were in Toronto on Sunday joining in the birthday of his mother who reached her 99th birthday on June 2nd.

6th Line Whitchurch—We welcome Mr. and Mrs. Earl Clendenning from Western Canada.

9th Line Markham—Congratulations are due Mr. Bob Thomas on his success in the recent examination at the O.A.C. at Guelph.

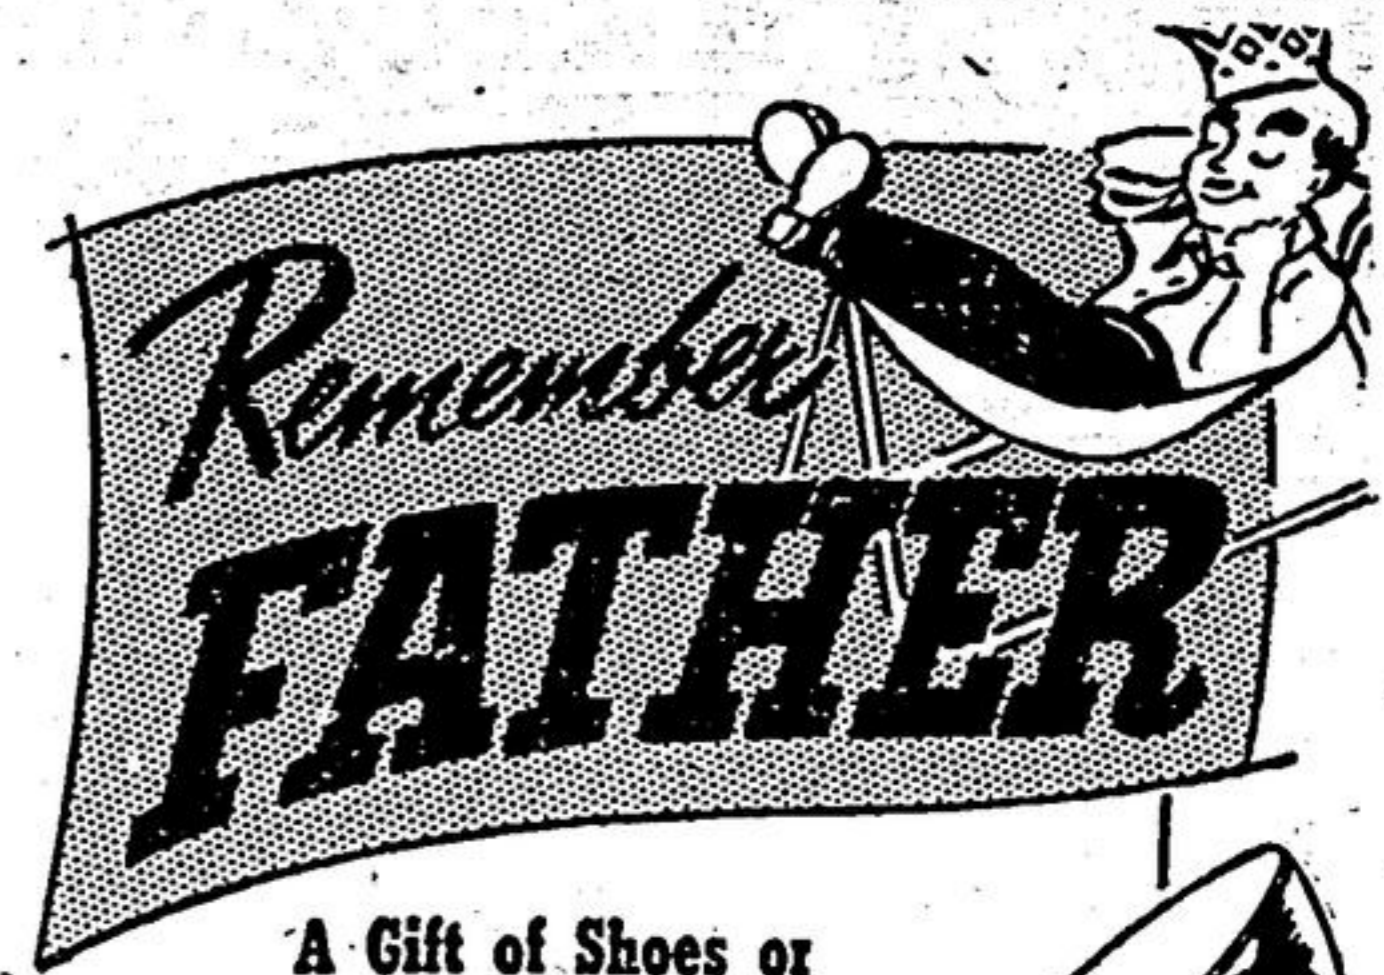

Victoria Square—Mr. and Mrs. Harry Forster and family spent the weekend with Mr. and Mrs. J. Forster and Ruth at Tweed and attended the Moon-Forster wedding.

Goodwood—Mrs. Robt. Ashenhurst and twin sons of Toronto are visiting Mr. and Mrs. John Ashenhurst.

From the London Times, 1793
A Genteel and well-built Dwelling House, No. 3 Eaton Street, Pimlico, a situation extremely pleasant and convenient, being within five minutes' walk of St. James' Park. The premises are four stories high, two good rooms with closets on each floor, light kitchen, etc., in neat condition. Held by lease for an unexpired term of 70 years, at the small ground rent of 4 pounds per annum, now in the occupation of a respectable tenant at the very moderate rent of 30 guineas per annum. To be viewed any time preceding the sale by tickets only, and printed particulars may soon be had of Mr. Tagg, attorney, Furnival's Inn, and Mr. White, Storey's Gate, Westminster.

A thousand political reasons should have induced the Convention to respite the punishment of Louis. These reasons were strongly pushed by the Republican faction; but these were all counterpoised by single circumstances, the interest of the party of Orleans to place this monster on the throne. This very consideration may probably lead them to sacrifice the Dauphin in order to disembarass themselves of an image whose existence would incessantly protest against his usurpation.

Montmorency Falls in Quebec has the highest fall in Canada, 274 feet, which is nearly double that of Niagara.

Rustlers Frightened Off After Steer Slaughtered

Cattle rustlers killed an 800-pound steer on the pasture farm of Joseph Rody, four miles northeast of Hanover during the weekend, but apparently were frightened away before they could load the carcass onto a truck.

The butchered steer was dis-

covered the next morning. It had been pulled a short distance after being killed. The steer had been cleaned and obviously ready to be hauled away when the rustlers became alarmed and fled, police believed.

Provincial Police from Flesherton are investigating. Tire marks indicate a small truck was used.

The Rody pasture farm is located on the fourth concession of Bentinck Township.

MODERN FARMING DEPENDS UPON POWER EQUIPMENT

The ability of Canadian farmers to "deliver the goods" is due in a very large degree to their skill and eagerness in adapting modern mechanized equipment to their operations.

Now, more than ever before, farmers are looking to machines to help them overcome the scarcity and high cost of farm labor, to get the work done quickly and at low operating cost, and to maintain and increase production.

Through continuous research and engineering Massey-Harris has developed new and improved tractors, combines and power machines which prove helpful to users in establishing more efficient farm operation.

I'm buying my coal the EASY WAY

— and saving money, too, on the

'blue coal' BUDGET PLAN

GIVES 3 BIG ADVANTAGES

Look always for the BLUE Color
'blue coal' is the only coal colored BLUE with a harmless dye—a positive protection for you—an assurance that you're getting "the world's finest anthracite."

1. Convenient S-P-R-E-A-D out payments ... easy terms to suit you.
2. No worries! Coal is delivered in plenty of time ... you're all paid up before next winter.
3. With this 'blue coal' plan, household budgets run more smoothly all year 'round.

Join the 'blue coal' Budget Plan now. When winter rolls around, you will enjoy "paid-up" heat.

The sooner you start the smaller your monthly payments will be. Phone today.
