

More Than 800 Pigs Sold; \$162 Paid for Single Porker

Last Saturday established a record for sales in the swine department at the Stouffville Sales Arena. More than 800 pigs went through the sales ring in addition to a large number of fresh and springer cows, veal and bob calves. Only one lone horse showed up for the sale, and the demand for this lonesome creature was not too good.

Prices for hogs were high, one pig passing through the ring at \$162. Suckers sold from \$10. to \$15. each, with good demand for chunks, all sizes.

Springers were bringing \$300. and veal calves as high as \$110.

The exclamation point is gradually going out of use. People aren't surprised at anything any more.

your good friends, and 50c ad-
mission.

EIGHTEEN COUPLES COMPETE IN FIRST MIXED BOWLING TOURNAMENT

The first mixed double bowling tournament of the season was held on the local green on Thursday evening, June 14, when 18 couples competed. Mr. and Mrs. Gordon Lemon of Stouffville won first prize for three wins. Mr. Hillson and Mrs. Preston of Agincourt were second with three wins. Mr. Goodman and Mrs. Beare of Oshawa were high for two wins and Mr. and Mrs. Tom Rae of Stouffville were high for one win.

Institute Enjoys Trip to Niagara

On Thursday, June 14th, sixty-seven members of the Women's Institutes of South Ontario had an enjoyable day on a bus trip to Stoney Creek, Queenston Heights and Niagara Falls. Two DeNure buses left Port Perry at 7 o'clock picking up the ladies at certain points. The first point of interest was at Stoney Creek where they saw the site of Squire's Hall, where was formed the first Women's Institute in the world, in the year 1897. Other points of interest were the battleground and the cemetery of the war of 1812 and the lovely home of Mrs. Jackson, past president of Stoney Creek Women's Institute, with its antique lamp in the front lawn. Next stop was at Queenston Heights where everyone enjoyed a bountiful lunch. A few of the ladies viewed the landscape from the top of Brock's monument by climbing 235 steps. On arriving at the Falls a number viewed the whirlpool rapids, the most dangerous waters in the world dropping 250 feet by elevator into the gorge and viewing these treacherous waters by walking through a 180-foot tunnel and along 1,000-foot board-walk. Others viewed the whirlpool by crossing in the aero cable car. For many the view of the famous Horseshoe Falls, and the beautiful lawns and flowers will long be remembered.

Local Mennonite Church Would Institute Stay-at-Home Camp

The nine-month financial report of the Stouffville United Missionary Church recently presented at a business meeting of the church, revealed an increase of \$1,029 above the twelve-month period of 1950. This report is for the churches at Stouffville and Altona, and showed an all-time high in finances.

The report also stated that a considerable number had been converted during the year and the church had been built up spiritually. The Young People's report showed a membership of 68, and the Sunday School with an average attendance of 165. Church membership stands at 222.

Total offerings amounted to \$13,228.96; of this amount \$515 was raised for home missions and \$4,260 for foreign missions; other items included, \$123.57 for evangelistic purposes, \$750 for conference fund, \$425 for extension fund and \$532. for Emmanuel Bible College.

Jas. Walker, Markham, New D.G.M. of I.O.O.F.

More than 1,200 delegates of Ontario's Oddfellows and Rebekahs elected district officers in Toronto this week as members from all parts of the province convened at the Royal York Hotel. Annual sessions of the Grand Lodge, Rebekah Assembly, Grand Encampment and Department Council of Patriarch Militant, were held at the Independent Order of Odd-fellows met.

Delegates from all sections of the Province learned that the I.O.O.F. Cancer, Poliomyelitis and Tuberculosis Fund has grown to more than \$300,000 since 1947, and that the order's rehabilitation centre at the Gravenhurst Sanitarium will be completed soon. Number of hospital beds available for use in homes increased by 60 during the year, and now total 400, most of them being in use.

Elected for the Metropolitan district, as Deputy Grand Master of the I.O.O.F. was James Walker of Markham. He has jurisdiction over lodges at Aurora, Markham, Sutton, Whitevale, Stouffville, Mount Albert, and Agincourt.

For the Toronto East district, Mrs. Mary Kekewick of Toronto was elected District Deputy President of the Rebekah Assembly. Mr. William Malloy attended as delegate from the Stouffville Lodge.

Hits Gravel Truck On 9th Concession

On Monday night a light truck driven by Glenn Byer, son of Fred Byer of Stouffville, was in collision with a gravel truck driven by Mr. Jake Hopkins. Glenn was proceeding along the ninth concession just south of Bloomington where the accident took place. Harold Hodgson and Joyce Byer along with the driver were taken to the doctor but their injuries were not of a serious nature. Although the Byer vehicle was damaged to quite an extent the truck owned by Mr. Hopkins was only slightly damaged.

London Teacher Addresses North York CCF Rally

"State housing in New Zealand is definitely a success," declared Mr. E. O. Hall of London, Ont., in an illustrated talk to members of York North CCF Constituency Association and their friends. Mr. Hall was guest speaker at a meeting held in North York Memorial Community Hall, Willowdale, on Monday, June 11th.

"These houses are built by private builders under contract to the Government, and are rented to people with relatively small income. There are over twenty different designs available, so that the deadly uniformity characteristic of large housing projects in this country is avoided." Each house is equipped with a stove and washing machine when built, and lots are of sufficient width to permit 24 feet between each house, another contrast to our typical sub-division.

New Zealand has a sheep population of approximately thirty sheep per person. Consequently the present high price of wool has brought prosperity to the country. Food prices are about half what they are in Canada, Mr. Hall stated, and most people literally have more money than they know what to do with. On the other hand cars sell at a fabulous price. There are, however, more cars per person in New Zealand than in any other country save the United States—one car for every four persons, to be exact.

Mr. Hall predicted the return of the Labor Government to office following the next election. In his five month tour of the country recently he saw many signs pointing in this direction. Supporting his prediction is the fact that the Labor Party made tremendous gains in the last municipal elections, which were fought on party lines.

During the five years which I spent working with recreation leaders in day-camps, leadership courses and folk-schools, we asked ourselves over and over again: "why is it that so many small communities spend such a large percentage of their money on facilities instead of leadership or program material, when they are by nature endowed with much greater facilities than a large city?" Conducting a day-camp in the city we had to travel by street-car, bus or station wagon to green areas which are in easy reach of all smaller towns. There were no creeks, no bush or open land on which to build a lean-to or arrange for a cook-out unless we covered many miles first. Facilities were always limited for the number of children who really needed them, and yet, an able leader would develop a wonderful program from discarded materials, and on a comparatively poorly equipped piece of ground; the leadership skills were the important factor, and with these young people in the city were provided in May or June, before the summer season started. Swings, teeters and wading pools do help greatly, but they are not everything. They are there to be used, but without leadership children will either tire of them quickly, fight over them or enjoy them spasmodically.

In some parts of Ontario several small communities have got together and arranged for leadership courses for their young teen-agers, who would then take over the summer program. Grants for such

(concluded on page 10)

Whitchurch Resident Passes in 82nd Year

On Monday, June 18, Mrs. Emily McDonald passed away in her 82nd year. Born in England in 1869 Mrs. McDonald had been living on the 10th concession of Whitchurch, near Island Lake, for the past three years. Her husband, Mr. John McDonald, passed away some ten years ago. He had been employed with Massey Harris as a molder. They had no family.

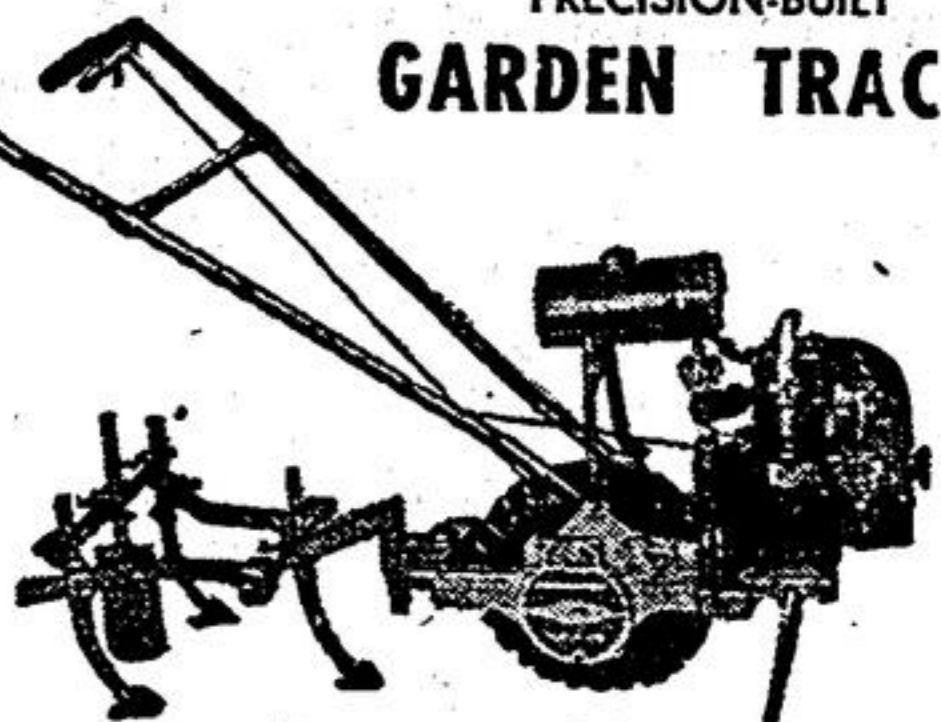

Funeral service was held at the L. E. O'Neill funeral home at Stouffville on Wednesday afternoon at 2 p.m., conducted by Rev. E. Morton, retired Christian Church pastor in Stouffville. The pall bearers were Mr. Harry Johnson, Mr. Mac Meyers, Mr. Victor Paisley and Mr. Ken Nesbitt.

If you want the wisdom of carrying an umbrella to soak in, just step out in one of the summertime heavy rains.

The New CHOREMASTER PRECISION-BUILT GARDEN TRACTOR

PLOWS!
CULTIVATES!
CUTS GRASS!
CUTS WEEDS!
PLOWS SNOW!

Yes, at last—an efficient, easily handled Garden Tractor is available at

Amazing low cost!

Another feature of the CHOREMASTER Garden Tractor—you can quickly and easily convert your own hand mower into an efficient power mower, as shown above.

Now you can do plowing, cultivating, grass and weed cutting, snow plowing and other garden chores with this all-purpose, all-season Garden Tractor. Illustrated above is the CHOREMASTER equipped with "Duck Feet" for efficient "Between the row" cultivation. Other rear attachments include turning plow, furrower, hoes, sweeps, 5-tooth spring cultivator, etc.

The CHOREMASTER is extremely easy to handle and will save you hours of back-breaking labour!
